

Second floor of Transport Department Vehicle Examination Complex to commence services from January 24

The Transport Department (TD) announced today (January 11) that all vehicle examination services currently offered at the To Kwa Wan Vehicle Examination Centre will be relocated to the 2/F of the TD Vehicle Examination Complex (TDVEC) at 18 Sai Tso Wan Road in Tsing Yi from January 24, including pre-registration inspection for parallel/individual imported motorcycles and private cars, inspection of overhauled total-loss vehicles and annual inspections of buses.

In addition, the online vehicle examination scheduling system will resume service for appointment of annual vehicle examinations of commercial vehicles from 10am on January 17. Through the system, vehicle owners or their representatives can schedule annual vehicle examination appointments for commercial vehicles at the TDVEC, To Kwa Wan Vehicle Examination Centre and Sheung Kwai Chung Vehicle Examination Centre. The current telephone booking hotlines will cease operation after January 28.

The TD reminded vehicle owners or their representatives that they should arrange for their vehicles to attend scheduled vehicle examinations at the 2/F of the TDVEC in accordance with the appointment dates, time slots and designated inspection lanes as indicated in the original appointment letters. Vehicle owners or their representatives are advised not to deliver their vehicles to the TDVEC for examination too early so as to avoid waiting outside the TDVEC and causing traffic congestion. In addition, if vehicle owners or their representatives leave a contact number when booking appointments, they will be reminded by phone or via SMS messages to visit the TDVEC for vehicle examinations.

For enquiries, please contact the relevant vehicle examination centres at the following numbers:
