

## Second tranche of Employment Support Scheme receives over 89 000 applications in two days

A Government spokesman said today (September 1) that the second tranche of the Employment Support Scheme (ESS) had received, up to 6pm today, a total of around 83 000 applications from employers and over 6 000 from self-employed persons (SEPs) since the commencement of the two-week application period yesterday (August 31). Among the employers' applications received so far, about 95 per cent of the employer applicants had successfully applied for the first tranche of the ESS.

The spokesman said, "Eligible employers and SEPs wishing to apply for the second tranche of wage subsidies under the Employment Support Scheme (ESS) should submit their applications before 11.59pm on September 13 (Sunday), the deadline for application, through the ESS portal at [www.ess.gov.hk](http://www.ess.gov.hk)."

"We will expeditiously process all the applications received. Most eligible employers who have provided accurate and complete information are expected to receive wage subsidies in three to four weeks after submission of their application."

Upon completion of the processing of applications, the ESS Secretariat will inform successful applicants of the results via SMS and email. Applicants can log in to the ESS portal to check the amount of subsidy granted and the committed paid headcount for the months of September to November 2020.

In addition, SEPs with "MPF self-employed person" accounts which have not been terminated as of March 31 can also submit applications for the \$7,500 one-off lump sum subsidy during the application period for the second tranche of the ESS if they have not received the subsidy in the first tranche.
