[Serbia – Early warning system profile](#)

EMCDDA , Ministry of Health of Republic of Serbia, Lisbon, July 2019

Summary

The profile presents the structure, objectives and working methods of the Serbian national early warning system. It describes functions of the institutions participating in the early warning system and mentions data collection tools. It was prepared within the EMCDDA-IPA6 project 'Stepwise integration of the IPA beneficiaries in the activities of the EMCDDA and the Reitox Network' funded by the European Commission.
