

Smoke and Carbon Monoxide Alarm (Amendment) Regulations 2022 compliance

News story

Providers should be compliant with new smoke and carbon monoxide regulations from 1 October or have plans in place to ensure compliance.

The [Smoke and Carbon Monoxide Alarm \(Amendment\) Regulations 2022](#) apply to all registered providers of social housing.

We expect providers to be compliant with the regulations when they come into force on 1 October 2022, or to have plans in place to ensure their compliance in a prompt and timely way that mitigates any risk to tenants.

Any provider with concerns about their ability to achieve compliance in a timely manner should self-refer to RSH.
