

Stage 2 Public Engagement for Revitalisation of Tsui Ping River Launched

The Drainage Services Department today (May 17) launched the Stage 2 Public Engagement for the Revitalisation of Tsui Ping River project to collect the public's views on the project and the updated revitalisation plan. Members of the public are invited to participate in the activities.

The Revitalisation of Tsui Ping River project aims at revitalising the existing watercourse at King Yip Street into a green and vibrant Tsui Ping River through environmental, ecological and landscape enhancement as well as improving the river's connectivity with the neighbourhood, thus providing a riverine leisure space for the community.

The Stage 2 Public Engagement will last until July 16. Activities include roving exhibitions and community workshops. Details are available at the project website (www.tsuipingriver.hk). Members of the public may also express their views through the following channels:
