

Statement by ExCo Non-official Members

The following is issued on behalf of the Executive Council Secretariat:

The Non-official Members of the Executive Council (ExCo) today (July 1) issued the following statement against the violent storming of the Legislative Council (LegCo) Complex.

Hong Kong is a society that respects the rule of law, and has no tolerance for violence. The ExCo Non-official Members strongly condemn protesters who violently stormed the LegCo Complex. Their ruthless and destructive behavior amount to a complete disregard of the law and has seriously undermined Hong Kong's fine tradition of the rule of law.

In the face of the protesters' violent acts, the ExCo Non-official Members render their support for the Police in taking the offenders to task and bringing them to justice to safeguard public order.
