<u>Statement by the Spokesperson on the</u> executions scheduled in Arkansas

Seven executions by lethal injection, scheduled by the US State of Arkansas for the period between 17 April and 27 April, would break the de-facto moratorium on the death penalty observed by this US State since November 2005. Arkansas would also become the first State in the US to conduct seven executions over an 11-day period since the resumption of the use of the death penalty in 1977 in the United States.

The European Union opposes capital punishment, which fails to act as a deterrent to crime, represents an unacceptable denial of human dignity and integrity and cannot be justified under any circumstances. More than 140 countries in the world are now abolitionist in law or practice.

Today, the death penalty is illegal in nineteen of the fifty US States and the District of Columbia. The number of executions in the US has steadily declined to its lowest level in 2016. The executions in Arkansas, if carried out as planned, would be a serious setback in this overall development.

We therefore call on the Governor of Arkansas to commute the sentences of Mr Bruce Earl Ward, Mr Don Williamson Davis, Mr Ledell Lee, Mr Stacey Eugene Johnson, Mr Jack Harold Jones, Mr Marcel W. Williams, Mr Kenneth D. Williams, as well as the sentence of Mr Jason F. McGehee, which has been temporarily stayed, and grant them relief from the death penalty.
