

# Statistics of Stored Value Facilities schemes issued by Stored Value Facilities licensees

The following is issued on behalf of the Hong Kong Monetary Authority:

The Hong Kong Monetary Authority published today (June 21) statistics on Stored Value Facilities (SVF) schemes issued by SVF licensees for the first quarter of 2019.

The SVF scheme statistics (see Annex) include quarterly data on SVF schemes issued by the sixteen SVF licensees (Note 1).

According to the quarterly statistics, the total number of SVF accounts in use (Note 2) was 59.34 million by the end of Q1/2019, representing a 5.8 per cent increase from the previous quarter. The total number of SVF transactions (Note 3) was around 1.6 billion for Q1/2019, or 4.4 per cent lower than the previous quarter. The total value of SVF transactions was HK\$47.5 billion for Q1/2019, representing a 1.3 per cent drop from the previous quarter. Of the total transaction value, HK\$23.2 billion was related to point-of-sale spending payment, HK\$16.8 billion in online spending payment and HK\$7.4 billion in P2P funds transfer. The total float and SVF deposit (Note 4) was HK\$10.4 billion for Q1/2019, 6.5 per cent higher than the previous quarter. The quarter-to-quarter drops in payment transaction number and value in Q1/2019 are likely due to seasonal factors as a similar pattern was observed in the previous year.

As compared with the end of Q1/2018, the total number of SVF accounts in use at the end of Q1/2019 was up by 21.1 per cent, and the total float and SVF deposit was up by 22.8 per cent. The total number and value of SVF transactions during Q1/2019 were up by 9.7 per cent and 21.7 per cent respectively year-on-year.
