<u>Statutory guidance: Fishing vessel</u> <u>licence variations</u>

Updated: Variations effective from 00:01 hours, Sunday 21 October 2018 added

Variations occur to reflect changes in quota limits and closures or openings of sea areas.

Check your licence

It is your responsibility to check your <u>licence documents</u> before going to sea as <u>licences</u> can be changed at any time. The most up to date licences can be accessed on the <u>understand your fishing vessel licence</u> page.

Current licensing documents are published on the <u>understand your fishing</u> <u>vessel licence</u>. If more than one variation to a specific licence document is published within a 30 day period only the latest document will be retained. For any historical documents please email <u>fishingvessellicensing@marinemanagement.org.uk</u> with details of your request.
