

Students and public reminded to allow more travelling time for class resumption of Primary Four to Secondary Two students tomorrow

The Transport Department (TD) said today (June 7) that in view of the class resumption of Primary Four to Secondary Two students tomorrow (June 8), students are reminded to attend school early as traffic is expected to be busier than normal.

The TD's Emergency Transport Co-ordination Centre will closely monitor the traffic situation and public transport services. It will also maintain close liaison with major public transport operators and relevant government departments and arrange public transport service enhancements when necessary.

Students and members of the public are advised to pay attention to the latest transport and traffic news before leaving home and allow more travelling time.
