

# Synulox Lactating Cow Intramammary Suspension – Product defect recall alert

Synulox Lactating Cow Intramammary Suspension packaging

Following a recent Good Manufacturing Practice (GMP) inspection of one of the active pharmaceutical ingredient (API) manufacturers for Synulox LC, a statement of non-compliance with GMP has been issued.

As a precaution, batches of this product containing API that is impacted by this non-compliance statement are being recalled from the market with immediate effect to the end-user (farm) level. This issue impacts the following batches that have been placed on the UK market:

<b>Batch No.</b>	<b>Description</b>	<b>Expiry</b>
91939702	Synulox LC x 12 syringes	31/01/2021
