## **Territory-wide flag day today**

Association for the Rights of Industrial Accident Victims Limited has been issued a Public Subscription Permit to hold a territory-wide flag sale from 7am to 12.30pm today (June 9), a spokesman for the Social Welfare Department (SWD) said.

For enquiries, please call the SWD's hotline at 2343 2255, or the Charitable Fund-raising Control Team at 2832 4311 during office hours.

Information on the flag days of the month is available at the SWD's website ([www.swd.gov.hk/en/index/site\\_whatsnew/](http://www.swd.gov.hk/en/index/site_whatsnew/)). Permits for flag days containing contact information of the flag-selling organisations and information on the approved flag-selling activities have also been uploaded to the SWD's website ([www.swd.gov.hk/en/index/site\\_pubsvc/page\\_controlofc/sub\\_recentlyap/](http://www.swd.gov.hk/en/index/site_pubsvc/page_controlofc/sub_recentlyap/)). For enquiries about the detailed flag-selling arrangements, please contact the individual flag-selling organisations.

Details of the charitable fund-raising activities covered by the Public Subscription Permit issued by the SWD have also been uploaded to the GovHK website ([www.gov.hk/fundraising](http://www.gov.hk/fundraising)).

In the case of suspected fraudulent flag day activities, people should not make any donation and should immediately report the matter to the Police, the spokesman added.

## **Packed milk drink sample found to contain excessive Bacillus cereus**

The Centre for Food Safety (CFS) of the Food and Environmental Hygiene Department today (June 8) announced that a packed milk drink sample was found to contain excessive amount of Bacillus cereus, a pathogen. The CFS is following up on the case.

Details of the product are as follows:

Product name: Skimmed Hi-Calcium Milk Drink  
Manufacturer: Nestlé Hong Kong Limited  
Volume: 236 millilitre per pack  
Use-by date: June 2, 2018

A CFS spokesman said, "The sample was collected from a supermarket in Kwun Tong for testing under the CFS' routine Food Surveillance Programme. The test result showed that the sample contained Bacillus cereus at a level of 4 600 000 per gram. Under the Microbiological Guidelines for Food, if ready-to-eat food contains Bacillus cereus at a level of more than 100 000 per gram, it is considered unsatisfactory."

The spokesman said that the CFS had informed the manufacturer and the vendor concerned of the test result. Investigation was conducted at the production plant and the supermarket concerned and follow-up samples were collected for further testing. Investigation is ongoing. The CFS had also provided health education on food safety and hygiene for the staff of the production plant and the supermarket and requested them to carry out thorough cleaning and disinfection.

According to Section 54 of the Public Health and Municipal Services Ordinance (Cap 132), all food available for sale in Hong Kong, locally produced or imported, should be fit for human consumption. An offender is subject to a maximum fine of \$50,000 and imprisonment for six months upon conviction.

*Bacillus cereus* is commonly found in the environment. Unhygienic conditions in food processing and storage may give rise to its growth. Consuming food contaminated with excessive *Bacillus cereus* may cause gastrointestinal upset such as vomiting and diarrhoea.

The CFS will alert the trade, continue to follow up on the incident and take appropriate action in order to safeguard public health and food safety.

## New exhibition to showcase achievements of local design master Tommy Li

An exhibition entitled "Projects ^ Objects ^ Play – Tommy Li P.O.P. Design Show" will be held from tomorrow (June 9) to September 24 at the Hong Kong Heritage Museum, revealing renowned local designer Tommy Li's source of inspiration and key to success.

The exhibition will be divided into three zones with different themes, namely "Play", "Objects" and "Projects", presenting Li's perspectives on life, culture, society and design aesthetics. It will also showcase his personal selection of 97 objects that have been most influential in his design career and the cross-disciplinary design works and projects created with his team over the past 30 years, including commercial brand designs, books, periodicals and posters. In the exhibition, visitors will be able to witness Li's journey of more than 35 years in the design industry and his philosophical ideas about the economy, pop culture, art and design. Visitors will also gain a better understanding of how foreign pop culture influenced Hong Kong and its unique culture from the view of Li.

Tommy Li, a renowned Hong Kong graphic designer and brand consultant, has been actively involved in the local design scene and won numerous international and local awards over the years. He graduated from the former Swire School of Design at the Hong Kong Polytechnic in the 1980s and has worked in many culture-related positions since then, such as magazine column writer, disco DJ, and art director for films and a radio station.

For details of the exhibition, please visit the museum's website [www.heritagemuseum.gov.hk/en\\_US/web/hm/exhibitions/data/exid251.html](http://www.heritagemuseum.gov.hk/en_US/web/hm/exhibitions/data/exid251.html), or call
