Of these, 6 868 requests were subsequently withdrawn by the requestors and 5 798 requests covered cases in which the bureaux/departments concerned did not hold the requested information or cannot confirm or deny the existence of information. Among the 102 849 requests which covered information held by bureaux/departments and which the bureaux/departments had responded to, 99 770 requests (97 per cent) were met, either in full (97 010 requests) or in part (2 760 requests), and 3 079 requests (3 per cent) were refused.

Any member of the public who is dissatisfied with the response of a bureau/department under the Code may request that the matter be reviewed. He or she may also lodge a complaint with the Ombudsman.

In the second quarter of 2023, the Ombudsman received 17 complaints relating to requests for information. In this quarter, the Ombudsman concluded 14 complaints, among which 13 were concluded by inquiries or mediation (including five cases with inadequacies found), and one was assessed and closed. As at June 30, 2023, the Ombudsman's investigations on 17 complaints were ongoing.
