Exhibition panels featuring Hong Kong athletes participating in the Games will also be displayed at the Olympics Focal Site. Members of the public are invited to visit the exhibition. Locations are set out in the Annex.

To continue encouraging the public to take part in sports while having fun in watching the Games, the LCSD has set up a [dedicated website](#) to facilitate members of the public's access to information of the Olympics Focal Site. A series of Olympic Games sports videos, which feature introduction and demonstration of sports skills by elite athletes, have been uploaded to the website to allow members of the public to experience the joyful atmosphere while watching the Games.

Moreover, the LCSD will hold the launching ceremony of the Olympics Focal Site at 5pm on July 26 at the Secondary Hall of the Kowloon Park Sports Centre. The programme will include sharing sessions with Hong Kong athletes, sports demonstrations and participation activities. Interested parties are welcome to join the event. This activity will be held during the Games to encourage the public to watch the Games at the Focal Sites as well as experience sports for free. ## **CFS follows up on aquatic products imported from Japan suspected of breaching Food Safety Order**

The Centre for Food Safety (CFS) of the Food and Environmental Hygiene Department announced today (July 11) that aquatic products from regulated Japanese prefectures were suspected to be in breach of the relevant Food Safety Order when the CFS inspected food imported from Japan. The products concerned have been marked and sealed by the CFS and have not entered the market. The CFS is following up on the cases.

A spokesman for the CFS said, "During inspections of the consignments of food concerned imported from Japan, the CFS found a pack of chilled tuna processed in Niigata Prefecture and 15 boxes of chilled sea urchin manufactured in Miyagi Prefecture after the Order was issued. The importers concerned are thus suspected of breaching the relevant Order."

According to the Order, all aquatic products originating from the 10 metropolis/prefectures, namely Tokyo, Fukushima, Ibaraki, Miyagi, Chiba, Gunma, Tochigi, Niigata, Nagano and Saitama, are prohibited from being imported into and supplied in Hong Kong if they are harvested, manufactured, processed or packed on or after August 24, 2023, including all live, chilled, frozen, dried or otherwise preserved aquatic products, sea salt, and unprocessed or processed seaweed.

The CFS will continue to follow up on the incidents and take appropriate action, including informing the Japanese authorities concerned of the incidents. Prosecution will be instituted against the importers concerned should there be sufficient evidence. The investigation is ongoing.
