

Guidance: Combining environmental payments: biodiversity net gain (BNG) and nutrient mitigation

How land managers can combine biodiversity units and nutrient credits, and sell them alongside other environmental payments.

Guidance: What you can count towards a development's biodiversity net gain

How developers can use habitat creation or enhancements to count towards their biodiversity net gain (BNG).

Guidance: Statutory biodiversity metric tools and guides

Tools and guides for measuring the biodiversity value of habitat for biodiversity net gain (BNG).

Guidance: Creating a habitat management and monitoring plan for BNG

What to include in a habitat management and monitoring plan (HMMP) to improve biodiversity for the long term.

Guidance: Statutory biodiversity credits

Information for developers and local planning authorities explaining statutory biodiversity credits, and the process of buying them.
