Transport Safety Assessment

- Generic Transport System Safety Assessment
 - Transport Package Safety Report
-

[Corporate report: Generic Disposal System Safety Case for a Geological Disposal Facility: operational safety assessment](#)

Operational Safety Assessment

- Volume 1: Non-radiological and construction
 - Volume 2: Normal operations
 - Volume 3: Accident safety assessment
 - Volume 4: Criticality safety assessment
 - Generic Operational Environmental Safety Assessment
-

[Corporate report: Generic Disposal System Safety Case for a Geological Disposal Facility: environmental safety assessment](#)

This Post-Closure Safety Assessment (PCSA) presents the results of quantitative assessments of the long-term environmental safety of radioactive waste

disposal in a geological disposal facility (GDF).

Corporate report: Generic Disposal System Safety Case for a Geological Disposal Facility: environmental and sustainability assessments

The Environmental and Sustainability Assessments are set out in 3 documents:

- Generic Environmental Assessment
 - Generic Socio-Economic Assessment
 - Generic Health Impact Assessment
-

Corporate report: Generic Disposal System Safety Case for a Geological Disposal Facility: disposal system specification

The Disposal System Specification is described in four documents:

- Disposal System Specification Part A: High Level Requirements
- Disposal System Specification Part B: Technical Specification
- Derived Inventory Report
- Derived Inventory: Scenarios Report
