[Guidance: Lists of recognised animal breeding organisations](#)

Updated: Replaced the bovine list as a new society has been recognised.

This is a list of recognised breed societies for bovine, ovine, porcine and caprine species. The list of [recognised equine breed organisations](#) is also available.

EU zootechnical legislation supports intra-Community trade in purebred breeding cattle, sheep and goats, pigs and hybrid pigs, and equines, and their genetic material.

You can read more information about the work of the [Farm Animal Genetic Resources Committee](#).
