DRAFT BUDGET 21-22

The Scottish Government's draft budget for next year increases funds for most areas in line with the increased overall funds available. These are the notable changes in tax and spend:

- Finance to encourage local authorities to leave council tax frozen for 2021/22.
- Public sector workers earning up to £25,000 can receive at least a 3% pay increase via a £750 cash underpin, while there is a 1% rise for those earning above that amount, capped at £800 above £80,000.
- A new Green Workforce Academy and a Green Jobs Fund.
- A new £55 million programme to support town centres and community-led regeneration projects.
- Doubling the Rural Tourism Infrastructure Fund, helping tourist attractions and local communities make improvements to cope with increased visitors.
- Local Authority Discretionary Fund for business support will be doubled to £60 million in this financial year.
- Businesses eligible for the Strategic Framework Business Fund will receive full Level 4 payments on 22nd February, regardless of any future changes to local restrictions.

WEDDING SUPPORT

In recognition of the ongoing challenges faced by the wedding sector, a further £10 million has been added to the £15 million announced in December. Open for applications now, the fund provides one-off grants of up to £25,000 for eligible businesses which includes venues and the supply chain.

FLU

The flu vaccination programme for those outside the most at risk groups has been suspended. The Chief Medical Officer has advised that overall levels of

seasonal flu are very low. The vaccination of the most at risk groups has largely been completed but you can check here:

<https://www.nhsinform.scot/flu>

£500 PAYMENT

As previously announced, there is to be a £500 one off payment for all health and care staff. The one-off pro-rata non-consolidated £500 will be payable to all directly employed NHS staff, as well as bank workers and locums paid through NHS Payrolls who have had at least one month's continuous service in the NHS Scotland between 17th March and 30th November 2020. The payment will be based on average hours over the qualifying period, or over the time in service during the qualifying period, capped at a maximum of £500.

The payment will also be made to staff on COVID Special Leave or who are shielding, on sick leave for other reasons or on maternity leave. Staff will receive their bonus payment in February salaries. However, if the lump sum payment will have an adverse effect on benefits, paid by the Department for Work and Pensions, staff can opt to receive their payment in equal instalments over a three-month period February to April.

STUDENT RENT REBATES AND HARDSHIP FUNDING

Students experiencing hardship as a result of coronavirus will be supported by £20 million fund. A further £10 million has also been allocated to universities and colleges for income lost in providing rent rebates. To complement the additional £30 million, the Scottish Funding Council is also repurposing £5 million of student support funding towards discretionary funding for FE students in the college sector. This is support that we called for.

[Former Tay Valley Coaches Building, Bellfield Street #dundeewestend](#)

Many of us remember the former Tay Valley Coaches in Bellfield Street and I was grateful to receive this update last week from a local resident, together with some great photos of some of the murals from the building.

He said, **“I was sorting through some old pics and came across these.**

I was quite upset, when the old Tay Valley Coaches Garage was converted into a car showroom/workshop and some of these lovely tiled murals were removed.

I got there almost in time (but not quite) to save the images for posterity.”

Transport panels were designed for the wall of Tay Valley Coaches by Kenny Munro in 1983 and, in addition, five ceramic panels were designed by Keith Donnelly for the building next door :

Fairtrade Fortnight 2021

Fairtrade Fortnight 2021 will take place from Monday 22nd February until Sunday 7th March.

As a member of Dundee Fairtrade Forum, I am keen to see Fairtrade Fortnight being promoted in the city.

Fairtrade Fortnight 2021 will focus on the growing challenges that climate change brings to farmers and workers in the communities Fairtrade works with. Farmers and workers in developing countries are feeling the impact of the climate emergency now despite having contributed to it the least.

Fairtrade works to raise the voices of producers and prioritise what they need to respond to the environmental crises unfolding in already vulnerable communities. This Fortnight, the campaign will focus on the theme of 'Choose the World You Want' and to encourage people to use their voice to tell others about the challenges that farmers face from climate change.

In 2021, Fairtrade Fortnight will feel very different. Physically campaigning and meeting people will continue to be challenging but so many people want to continue to support Fairtrade through this time.

Fairtrade Fortnight will be hosting an online festival bringing together schools, universities, businesses, supporters, campaigners and farmers from across the world to choose the world they want.

More information is available at the Scottish Fairtrade Forum website at www.scottishfairtradeforum.org.uk

Getting things done – Cleghorn Street #dundeewestend

Following requests, I highlighted to the City Council's Roads Maintenance Partnership the need for an additional grit bin towards the Lochlee Road end of Cleghorn Street as it is sloped there and also some distance from the nearest grit bins at Pitfour Street and Mitchell Street.

I am grateful to the resident who highlighted the best location for this (see his graphic) adding "there are actually glass recycling bins just up from this so it seem like a grit bin next to these would be an ideal location."

I am very grateful to the Roads Maintenance Partnership Manager who responded positively as follows :

"I agree that this section of Cleghorn would benefit from a self help grit bin being installed.

I'll pass this on to the relevant people ... to action and this should be in place by the end of the week."

I am pleased to say the new grit bin is now in place.
