## Getting things done – Seabraes bridge lift #dundeewestend

Last week, following complaints to me from residents that the lift at the Seabraes lift was again out of action, I reported this to the City Council.

The lift was swiftly repaired but I have asked for – and been given assurances – that signage will be provided with the contact phone number for reporting when the bridge is not working.

## [Lochee Park car park extension](#) [#dundeewestend](#)

I am pleased to see the commencement of work last week on the car park extension at Lochee Park – see below :

This is good news as it will provide additional capacity and also, when the park is busy with teams, ensure the spillage of parked vehicles onto local streets is minimised.

Additionally, there will be improvements to the playpark with new equipment in the fairly near future which is further good news for the area.
