

Picnic tables for Magdalen Green #dundeewestend

The City Council gave me a commitment some time ago that it would provide more picnic tables for Magdalen Green and take steps to reduce the risk of fire, following one being destroyed by fire some months ago.

I requested an update from Neighbourhood Services at the council and have now been advised as follows by the Service Manager – Environment :

“I can confirm that 6 concrete pads are planned to be installed which the picnic benches shall be fixed to.

There are currently 4 benches which I understand require some refurbishment

which we shall undertake. This will leave two pads empty initially and we are currently costing 2 steel galvanised picnic tables, as yet have not identified budget for these.

The 4 wooden benches will be fitted with galvanised tops in an effort to reduce the risk of fire.

(We) shall contact Friends of Magdalen Green to discuss and agree the location of the concrete pads prior to installation.”

Comics and Creature Curation – Creative Workshop

From the Curator of Museum Services at the University of Dundee :

This Saturday (20th November) from 2pm to 4pm at the Lamb Gallery, Tower Building, University of Dundee, you can join us for a comics workshop imagining the lives behind the animals in the D'Arcy Thompson Zoology Museum.

Learn more about comics and create your very own comic strips inspired by the inhabitants of the museum, hosted by comics artist Cat Laird.

We'll start in the Lamb Gallery where you'll see both comics and animals in our Drawn exhibition, before heading over to the Zoology Museum.

Places must be booked in advance at www.eventbrite.co.uk/e/comics-and-creature-curation-creative-workshop-tickets-199030404297

14% hike in garden waste collection

charge not acceptable

I have criticised the proposal by the Dundee City Council administration to hike the Brown Bin charge to £40 a permit for the 2022 collection year and will be opposing the increase in the brown bin charge when it comes before the council's Policy & Resources Committee next week.

The £5 increase represents a 14% hike – at a time when inflation is running at about 3%. It is completely unjustified and just a way of the council fleecing another £100 000 out of the Dundee public.

I have always opposed having a tax on recycling and felt that this would be a further disincentive to recycling. We should be encouraging more recycling not less and the garden tax increase will make matters worse. The council is trying to stop collecting side waste and increasing the brown bin tax will simply lead to more recycling going into grey bins, undermining their own side waste policy. This is not a good look. If anything, the brown bin charge should be reduced not increased.

West End Ward Community Collective – Thursday 18th November

A West End online event is taking place later this week, organised by the council's communities team.

This will give local residents the chance to give their views on local issues and actions to help further improve the West End.

All welcome – and details below :

ENGAGE DUNDEE

West End

Community Collective

Needs YOU!

Get involved, share your voice and take action in your community.

Community Collective is where local people and organisations can make decisions and take action to make their community better.

Communities need more local input and more local action.

Online Event

18th November 2021

6-8pm

Join on Teams using this link: shorturl.at/jrKY4
