

# At global UN consultation, health leaders underline need for action on migrant health

24 February 2017 – Against the backdrop of health systems struggling to adapt to the growing needs of migrants around the world, health leaders from over forty countries, meeting at a United Nations consultation underscored the call for international collaboration to improve the health and well-being of migrants and their families.

The ‘Colombo Statement,’ adopted yesterday at the second Global Consultation on Migrant Health, aims to address the health challenges of increasingly mobile populations, now numbering about one billion – one in seven people on the planet.

“Protecting the health of mobile populations is a public health and human rights imperative,” said the South-East Asia Regional Director at the UN World Health Organization (WHO), Poonam Khetrpal Singh.

Highlighting the importance of the issue, Davide Mosca, the Director of Migration Health Division at the UN International Organization for Migration (IOM), added: “This can only be realized through the implementation of well-managed and coordinated migration policies, which include financial risk protection and equal access to quality health services.”

The Colombo Statement also calls for mainstreaming migrant health into key national, regional and international agendas and promotes international solidarity for equitable migrant health policies, a shared research agenda and the development of global frameworks to ensure migrant health is protected.

Furthermore, ensuring the highest standard of health for all, including for migrants and refugees are also a key component of the Sustainable Development Goals (SDGs) pledge to leave no one behind.

This health issue most directly linked to targets 10.7 on facilitating safe, regular and responsible migration and mobility of people; and 3.8 on achieving universal health coverage under Goals 10 and 3, respectively.

There is also an anticipation that the momentum generated by the Global Consultation will carry into the World Health Assembly – WHO’s governing body – where its member States will deliberate, among other health issues, priority actions to protect migrants’ right to health.

The Global Consultation was organized in the Sri Lankan capital, Colombo, by IOM, WHO and the Government of Sri Lanka.

## [Press release: Planned roadworks in Kent and Sussex: weekly summary for Monday 27 February to Sunday 5 March 2017](#)

The following summary of planned new and ongoing road improvements over the coming week is correct as of 24 February but could be subject to change due to weather conditions or unforeseen circumstances. All our improvement work is carried out with the aim of causing as little disruption as possible.

### **M2 junctions 2 to 3, Kent: structure inspections**

Work to improve safety begin this week on the M2. There will lane closures in both directions between junction 2 and 3 on Monday 27 February for 5 nights between 8pm and 6am. Inspections are expected to be complete by mid March.

### **M20 junctions 3 to 5, Kent: smart motorway surveys**

Work to improve journeys continue this week on the M20 between junctions 3 and 5. There will be various lane closures in both directions on Monday 27 February for 5 nights, between 8pm and 6am. Surveys are scheduled to be complete in April 2017.

### **M20 junctions 9 to 13, Kent: litter clearance**

Work to improve journeys take place this week on the M20 by undertaking litter clearance. There will be various slip road closures each night from Monday 27 February for 5 nights between 8pm and 6am. Traffic will be diverted via the next junction of the motorway.

## **M23 junctions 8 to 10a, South Nutfield to Crawley: smart motorway surveys**

Work to improve journeys continue this week on the M23 between junctions 8 and 10a. There will be various lane closures in place in both directions overnight on Monday 27 February for 5 nights, between 8pm and 6am. Surveys are scheduled to be complete in April 2017.

## **A2 Darenth to Bean, Kent: carriageway resurfacing**

Work to improve journeys continue this week on the A2. There will be a full closure between the Darenth A282 junction and the Bean B255 junction on Monday 27 February for 5 nights between 10pm and 6am. A clearly signed diversion will be in place via the M25 Junction 1a, A206 and B255. Works are scheduled to be complete in early March 2017.

## **A2 Canterbury, Kent: resurfacing**

Work to improve journeys take place this week on the A2 between Wincheap and Brenley. There will be a full closure in place on the westbound carriageway between Whitfield A256 junction and the Brenley junction A299 on Monday 27 February for 4 nights between 8pm and 6am. A clearly signed diversion will be in place via the A256, and the A299.

## **A21 Battle, Sussex: tree works**

Work to improve safety commence this week on the A21 between Robertsbridge and Hastings. There will be a full closure in place between Johns Cross and Westfield on Monday 27 February for 4 nights between 8pm and 6am. A clearly signed diversion will be in place via the A2100.

## **A21 Tonbridge to Pembury, Kent: major improvement**

Work to improve journeys on the A21 between Tonbridge and Pembury continues this week. A 40mph speed limit remains in place 24/7 between the Vauxhall interchange and the A228. Two way traffic lights will be in place on the A21 overnight between 8pm and 6am from Monday 27 February for five nights.

Tonbridge Road will remain closed after Pembury Hospital up to and including Longfield Road roundabout until Spring 2017. A clearly signed diversion route will be in place via the A228 and the A21.

The scheme is due to be completed in Summer 2017. For further information, [visit the scheme website](#).

# [Press release: Highways England awards new South West design contract worth up to £40 million](#)

This is the first of a number of Asset Delivery contracts in the South West which sees Highways England changing its way of working and delivering the Government's record £15 billion investment to improve and maintain the country's motorways and major A roads.

Highways England will now take direct responsibility for managing both routine maintenance and the delivery of capital renewal and improvement schemes.

The new arrangements will bring a number of key decision-making functions in-house and see Highways England taking greater control over the future of the network, ultimately ensuring the smooth functioning of its South West major roads.

The award of this and future contracts allows Highways England to directly engage with our supply chain, to drive down cost and waste, whilst providing the best possible value for money for tax payers, and service for our customers.

The contract will run for up to five years and focusses on design – it will see Kier taking design briefs and turning them into well-defined packages of work.

Duties will include preparing technical designs and undertaking supporting work for capital renewal projects and improvements to produce a solution that is ready for construction, and to design briefs to repair major roads and get them back running as normal after incidents will also form part of the work.

David Poole, Executive Director for commercial and procurement at Highways England, said:

We are delighted that Kier Highways Limited will be part of our new Asset Delivery supply chain community across the South West.

This contract not only builds on the new way of working already

taking place in the East Midlands and North of England but also demonstrates our ongoing commitment to increasing Highways England's capability and control over the whole road network.

Andrew Page-Dove, Regional Director for the South West, said:

Kier Highways currently operates a number of key support contracts and we are confident that this award will build upon our existing successful relationship and deliver a high quality service throughout the South West. We look forward to working with them.

Future awards will include a range of suppliers being appointed in April to the new framework for delivering construction works and a contract will be awarded in March for the maintenance and response contract, both of which will help to deliver the designs provided by Kier Highways.

Highways England will now begin working with Kier Highways to ensure that they are ready to begin delivering key design services from 1 July 2017.

## **[Press release: Planned roadworks in the North West: summary for Monday 27 to Sunday 5 March 2017](#)**

The following summary of planned new and ongoing road improvements over the coming week is correct as of Friday 24 February and could be subject to change due to weather conditions or unforeseen circumstances.

All our improvement work is carried out with the aim of causing as little disruption as possible. Drivers looking for roadworks information (such as overnight carriageway closures) for individual schemes should now visit [Traffic England](#). Some of our larger schemes have project pages giving other information. These can now be accessed from a [dedicated regional page](#).

## **M53 junction 1 to junction 2 (Wallasey to Upton)**

Work to upgrade the safety barrier in the central reservation between junctions 1 and 2 on the M53 started on Monday 6 February. Lane closures will be in place overnight, with some full carriageway closures later in the project. The scheme is expected to take around a month to complete.

## **M53 junction 9 to junction 10**

Overnight, 10pm to 5am, Monday to Friday work to renew the safety barrier in the central reservation started on Monday 20 February for 5 weeks. This work will require overnight carriageway closures with clearly signed diversion in place.

## **M56 junction 10 to junction 11 (Stretton to Preston Brook)**

Work to upgrade the safety barrier and paint new road markings on the M56 near Warrington started on Monday 30 January. Lane closures will be in place overnight between 8pm and 5am, Monday to Friday. The project is due to be completed by the end of March.

## **M6 junction 16 to junction 19 (Cheshire smart motorway)**

Work is underway to upgrade the M6 to a smart motorway between Crewe and Knutsford, converting the hard shoulder to an extra lane and introducing new variable speed limits. Narrow lanes and a temporary 50mph speed limit are in place for the safety of drivers and workers.

## **M6 junction 19 (Knutsford) roundabout resurfacing**

A £75,000 project to resurface the junction roundabout will be delivered overnight during week nights over the next week. The work started on Monday night 20 February with nightly overnight closures of the roundabout between 10pm and 5am.

## **M6 Junction 21 and junction 21a (cycle improvements with A574 Birchwood Way)**

We're improving pedestrian and cyclist access across the M6 with improvements to the existing overbridge and along the bridge's links with the A574 Birchwood Way. The project will also improve the bridge parapet. Works started Friday 17 February for 2 weeks.

Cycleway improvement work is taking place between 9.30am and 3.30pm Monday to Friday, requiring a 24 hour closure of the footway along the southern side of the A574 Birchwood Way with a localised pedestrian diversion route. A lane

closure will also be required on the A574 Birchwood Way westbound carriageway between the same hours.

Bridge improvement works will follow between 10pm and 4am, Monday to Friday. The M6 between junction 21 and junction 21a will be closed overnight Friday 3 March (both northbound only) and Wednesday and Thursday 1 and 2 March (all southbound). Clearly-signed diversions will be in place.

## **M6 junction 21a and /M62 junction 10 (Croft Interchange)**

Construction work on a major project to tackle congestion and improve the flow of traffic between the M6 and M62 at Croft Interchange has now started. While the work is taking place, a 50 mph speed limit, backed by average speed cameras, will be in place along main carriageways of both the M6 and M62 and interchange link roads. Some overnight slip road closures will also take place.

## **M6 junction 26 to junction 27 (Orrell to Wigan)**

We're renewing the boundary fence and carrying out drainage repairs in the verge alongside the northbound M6 between Junctions 26 and junction 27 in a 2 week project that starts on Monday (20 February). The work is taking place between 8am and 5pm, Monday to Friday.

## **M6 junction 33 to junction 32 (Lancaster to M55 interchange)**

Resurfacing work on the southbound carriageway started on Monday 6 February. 2 lanes will remain open during the day and 1 lane will remain open overnight. The scheme is due to be completed by early March.

## **M6 junction 33 to 34 Lancaster**

Lancashire County Council's new link road between junction 34 of the M6 and Heysham has now opened but finishing work will require lane and hard shoulder closures along the M6 through junction 34 to continue for the time being.

The following closures will take place:

- Northbound from junction 33 to 34 Thursday 2 March 2017 from 10pm to 6am.
- Southbound from junction 35 to 34 Friday 3 March 2017 from 10pm to 6am.

## **M6 junction 39 to junction 38, north of Tebay Services**

Resurfacing is taking place north of Tebay Services with 1 lane closed during the day and 2 lanes closed overnight on the southbound carriageway. The work

is due to be completed by March and a temporary 50mph speed limit in place. Tebay services entry slip Southbound road will be closed on the 28 Feb for 1 night 10pm to 6am.

## **M60 junction 8 to M62 junction 20 (Sale to Rochdale)**

A major smart motorway scheme is taking place to cut congestion and improve journey times on parts of the M60 and the M62 in Greater Manchester. The scheme involves overnight slip road and carriageway closures, with narrow lanes and a temporary 50mph speed limit in place for the safety of drivers and road workers.

## **M66 junction 1 to junction 4 (Ramsbottom to Simister Island)**

Resurfacing work is continuing and 4 nights of closures of the southbound carriageway between junction 1 and junction 2 are scheduled to take place before Friday (24 February) between 9pm and 5am – with clearly signed diversions in place. The scheme is due to be completed by March.

## **A5103 Princess Parkway**

Drainage repairs along the northbound exit slip road from the A5103 onto the M60 will start on Monday (20 February) with one lane of the slip road closed and re-positioning of the bus stop. Work will take place in several phases between 8am and 6pm and midnight and 5am.

## **A556 Knutsford to Bowdon**

Construction work to provide a £192 million dual carriageway linking junction 19 of the M6 at Knutsford and junction 7 of the M56 at Bowdon, has entered its final phase. It is due to open on 6 March. On the existing A556, another full 56 hour weekend closure will run from 9pm next Friday night (3 March) and 5am on the following Monday morning (6 March).

Other work relating to the scheme:

Monday to Friday commencing 27 February:

- A556 northbound will be closed from Mere to Bowdon roundabout overnight (9pm to 5am)
- A556 southbound will be closed from Bowdon roundabout to Bucklow Hill overnight (9pm to 5am) as above
- M56 junction 7 eastbound and westbound exit slip roads will be closed
- M56 junction 8 will be closed. Junction 7 eastbound access slip will be closed
- A56 Lymm Road to Dunham Road will be controlled by traffic signals allowing access from Lymm to Altrincham and vice versa over the same periods as above

## **A585 West Drive to Fleetwood Cycleway**

Work is taking place on a new shared footpath and cycleway between West Drive and Fleetwood. Narrow lanes and a temporary 30mph speed limit are being used along the route to help provide a safe space for workers constructing the new shared paths. Work will take place between 7am and 7pm each day with occasional overnight work. The project is due to be completed by the end of March.

## **A590 Lindal in Furness**

Work is being carried out to tackle flooding between Pennington Lane and Bank End Cottages. 24hr temporary traffic lights are now in place until late March.

## **A595 Egremont**

Repairs are taking place to the safety barriers adjacent to Wyndham Place on the A595 and are due to be completed by the end of February. A contraflow system is in place on the southern approach to the Main Street/East Road roundabout.

## **A66 Bassenthwaite Lake**

A contraflow system is in place while work is carried out on the embankment in the central reservation next to Bass Lake. The scheme is due to be completed in the spring.

## **A66 Thornthwaite (Osprey Site)**

Flood resilience work is continuing. Full overnight – 8pm to 6am – closures of the carriageway nightly until the end of March started on Monday 6 February. Clearly-signed diversions are in place. During the day, Temporary traffic lights are in place along with a 40mph speed limit.

## **A66 Marron Bridge**

Maintenance is underway on Marron Bridge, between Broughton Cross and Bridgefoot. Nightly overnight – 9pm to 5am – closures, with a clearly-signed diversion are in place. Due to the temporary bridging plates, a 30mph speed limit backed by speed cameras is required during the day. The project is due to be completed by March.

## **A66 Brough**

Resurfacing and drainage work is taking place on the eastbound carriageway at Brough. Overnight lane closures will be in place, between 8pm and 6am, with traffic led through the roadworks by a contractor's vehicle. There will also be some lane closures in place during the day.
