

Innovation and commitment to quality – making Bluestone a success

The final phase saw the addition of 64 new luxury holiday lodges, a development which was supported by funding from the Welsh Government and has created 115 jobs in the local area. The holiday village's total number of 5* lodges, cottages and studio apartments is now more than 300 and the resort welcomes 140,000 staying guests per year plus a further 120,000 day visitors to Blue Lagoon Waterpark.

The development was supported by £1.5 million of Tourism Investment Support Scheme funding through Visit Wales, the ambitious expansion programme took 18 months to complete at a cost of £8.5 million.

Bluestone is now one of Wales top 10 biggest private sector employers, and employs 700 people.

The development comes against the backdrop of sustained growth for the 5* resort, which is set over 500 acres of national park near Narberth in Pembrokeshire. During a visit led by Chief Executive William McNamara, The Economy Secretary had a flavour of future plans which include the development of the nearby Black Pool Mill and a Skydome for the resort.

Economy Secretary, Ken Skates, said:

"I'd like to congratulate the team at Bluestone for the excellent, high quality product which they've developed – and which is proving so popular with new and returning guests, this is clearly evident by their high occupancy rates. I'm delighted that the Welsh Government has been able to play a part in laying the foundations and supporting the growth of this business – which is such an important employer in rural Wales. I wish the team every success with their innovative ideas for future development of the resort."

Bluestone Chief Executive, William McNamara, said:

"Pembrokeshire does tourism for a living and we're incredibly proud of the way in which Bluestone has cemented itself as a unique jewel in the crown of the Welsh tourism offering.

"Clearly, with a thriving industry, there are huge opportunities for the sector and for us as a business. Our research shows that 50% of our guests have never previously visited Pembrokeshire so there's a real opportunity here to demonstrate our unique offering to new audiences.

"I'm pleased to have the opportunity to showcase all that has been

achieved at Bluestone to date and to share with the Cabinet Secretary our ambitious vision for the future.”

The 115 jobs at Bluestone are in addition to the 696 new and 787 safeguarded jobs that were announced by the Welsh Government last week following direct support.

Official Statistics: Water situation report for England: January 2017

Summary for January

January was wetter than December across much of England, but rainfall totals remain below average in many areas. England as a whole received 81% of long term average rainfall for January.

Modest soil moisture deficits remain across east and south-east England.

River flows and groundwater levels increased at the majority of indicator sites. River flows were below normal or lower for the time of year at almost all sites across England.

Groundwater levels were below normal or lower at two thirds of sites.

Reservoir stocks increased at two-thirds of reservoirs groups and were normal or lower at all but one reservoir. Overall stocks for England increased marginally compared to the end of December 2016 and were 83% of total capacity.

UN chief Guterres ‘strongly condemns’ DPR Korea’s ballistic missile launch

13 February 2017 – United Nations Secretary-General António Guterres today voiced strong opposition to the latest ballistic missile launch by the Democratic People’s Republic of Korea, calling on Pyongyang to fully comply with its international obligations to denuclearize.

“The Secretary-General strongly condemns the launch of another ballistic missile by the Democratic People’s Republic of Korea (DPRK) on 12 February,”

his spokesperson said in a statement.

The launch “is a further troubling violation” of Security Council resolutions, including resolution 2321 (2016) which strengthened sanctions against the regime.

The Secretary-General urged the DPRK leadership to return “to the path of denuclearization;” while appealing to the international community to continue addressing the in a united manner.

This afternoon, the UN Security Council will discuss the missile launch behind closed doors.

[News story: £170 million plan to dual vital Somerset road](#)

The key route between Sparkford and Ilchester is being upgraded to relieve the over-congested road and create 30 miles of dual carriageway between Mere and South Petherton.

The £170 million plan is part of the [government’s £15 billion investment in our motorways and major A roads between 2015 and 2020](#) – the biggest in a generation.

More than 26,000 vehicles use this stretch of road a day, double the number it was designed for. Dualling the route will cut journey times and new junctions will enhance safety.

Transport Secretary Chris Grayling said:

Almost 4 million trips are made on the A303 every year and we are investing more than £2 billion to improve these motorists’ journeys, making them quicker and safer.

Tackling congestion on this vital road will also help boost the economy in the south-west, unlock thousands of jobs and homes and promote tourism.

Work will include making junctions safer as well as providing better links for pedestrians and cyclists.

Highways England is consulting on the 2 routes and is urging residents to have their say on the plans. The consultation runs from 15 February to 29 March 2017.

The preferred route between Sparkford and Ilchester is due to be announced in autumn this year. Work is expected to start in 2020.

Highways England chief executive Jim O'Sullivan said:

This scheme will be really good news for people travelling to and from the south-west, particularly during the busy summer months.

Our consultation and public exhibitions will provide an excellent opportunity to explain further our plans and to hear feedback from people on our proposals to deliver the scheme.

A separate consultation on building a [tunnel for the A303 near Stonehenge](#) is also underway. This will further improve journeys on the main road between London and the south-west.

Further details on upgrading the A358 between Taunton and Southfields will also be revealed shortly.

Highways England is holding the following public information events:

- 12.00 noon to 8.30pm, Thursday 23 February: Sparkford Inn Function Room, Sparkford
- 10.00am to 5.00pm, Queen Camel Memorial Hall, High Street, Queen Camel, Yeovil
- 10.00am to 6.00pm, Friday, 10 March: Davis Hall, Howell Hill, West Camel, Yeovil

[News story: Avian flu confirmed at a farm near Redgrave in Suffolk](#)

H5N8 avian flu has been confirmed at a poultry premises near Redgrave, in the district of mid-Suffolk.

The UK's Deputy Chief Veterinary Officer has confirmed H5N8 avian flu at a poultry premises near Redgrave, in the district of mid-Suffolk.

This follows the announcement of an initial 10km Temporary Control Zone around the premises on 13 February after laboratory analysis identified the presence of H5N8. Further investigations into the nature of the virus have now confirmed that it is the same highly pathogenic strain of H5N8 that has been found in wild and farmed birds in the UK since December 2016.

A 3km Protection Zone and a 10km Surveillance Zone have been put in place around the infected premises to limit the risk of the disease spreading. We have published [full details of the controls in place](#). Use our [interactive map](#) to check if you are affected by restrictions around any premises.

The affected premises is estimated to contain approximately 23,000 birds. A number have died and the remaining live birds at the premises will be humanely culled. A full investigation is under way to determine the source of the infection.

Public Health England advise that the risk to public health from the virus is very low and the Food Standards Agency is clear that bird flu does not pose a food safety risk for UK consumers.
