*Updated:* This article has been reformatted to fit with the GOV.UK style guide

The UK's lead exercise of 2018, Exercise Saif Sareea 3 (SS3), is taking place this autumn in Oman. It has been years in the making, with Joint Forces Command at the very centre of the planning and organisational work. Delivering an expeditionary exercise on this scale brings a host of complex challenges for Joint Forces Command and the wider Ministry of Defence, from ensuring 24/7 medical cover to making sure drinking water never runs out.

These videos help to explain this monumental effort, outlining who is responsible for these kind of military exercises abroad, and how they are delivered safely and effectively.

'Saif Sareea 3' means 'Swift Sword' in Arabic. It is the name for the UK-Omani military exercise taking place in Oman from October to November 2018. The previous Saif Sareea exercises took place in 1986 and 2001.

## [What is Exercise Saif Sareea 3?](#)

The Joint Force Logistics Component oversee and deliver the logistics for SS3. They are responsible for setting up the exercise, delivering support during it, and also responsible for returning equipment to the UK after the exercise has finished.

## [Who runs the logistics for Exercise Saif Sareea 3?](#)

The Joint Force Logistics Component is made up of resources across the Royal Navy, British Army and Royal Air Force. Using these combined resources the Joint Force Logistics Component are able to deliver the UK's logistics capability for SS3 in Oman.

SS3 will test the UK and Oman's ability to deploy a 'Coalition Joint Task Force' to the Gulf region and operate in austere and challenging conditions together. Throughout the exercise there is a need to ensure the health and safety of the 5,000 deployed personnel. To achieve this the Joint Force Logistics Component coordinate the deployment of Defence Medical Service units during the exercise.

## [News story: UK boosts cyber links after tri-nation visit to Central America](#)

As the cyber threats we face evolve and intensify, it is vital we deepen our international partnerships to stay one step ahead of those who would wish to do us harm, a Defence Minister has stated.

Armed Forces Minister Mark Lancaster signed a letter of intent between the UK and Chile on cyber co-operation ensuring closer links in that sphere, during a visit that also took in Mexico and Belize.

He also attended a British-led cyber defence workshop that was jointly supported by the Ministry of Defence, Department for International Trade, National Cyber Security Centre and Government Communication Headquarters. He also visited a Chilean Peacekeeping School.

Armed Forces Minister Mark Lancaster said:

Information technology provides a new and unconventional battlefield, with cyber-attacks increasing as modern warfare evolves and adapts. The UK will play a leading role in countering these threats, but I am delighted to see like-minded partners across the globe sharing this belief and taking steps to keep our people safe.

In Mexico, Mr Lancaster was a special guest at the country's independence celebrations, before meeting Mexico's Defence Minister and Navy Secretariat, Admiral Vidal Francisco Soberon Sanz, reinforcing our strong defence relations and discussing the role of Latin American nations working alongside NATO and the UN.

He also met Commander of the North American Aerospace Defense Command and United States Northern Command, General Terrence J. O'Shaughnessy, reaffirming the special relationship and exploring how the UK and US can collaborate further in these fields.

In Belize, Mr Lancaster spent the day visiting the 2nd Battalion of the Duke of Lancaster's Regiment, to understand the benefits to the Army from training in a jungle environment as well as touring the British Army Training and Support Unit Belize.

Mr Lancaster also signed a treaty and memorandum of understanding concerning the status of UK forces in Belize, deepening the longstanding defence co-operation between the two nations.

Mr Lancaster met the Minister of Foreign Affairs, Wilfred Elrington; Minister of National Security, John Saldivar, and Commander of the Belize Defence Force, Brigadier General Steven Ortega.

## **[News story: Defence Secretary announces extension of support to Ukraine's Armed Forces](#)**

In his first visit as Defence Secretary to Ukraine, Gavin Williamson announced that the UK will be extending its military training operation there for a further two years until 2020.

Mr Williamson met with Defence Minister Stepan Poltorak and General of the Army, Victor Muzhenko, to discuss the threats faced by Ukrainian Armed

Forces. He also announced the expansion of the UK Defence Section in Kyiv and introduction of a permanent Naval Attaché to help build Ukrainian naval capability.

The Defence Secretary also met President Poroshenko reaffirming the UK's commitment to their country. He also discussed the Russian security forces continuing to disrupt merchant vessels trying to access Ukrainian ports in the Sea of Azov, posing negative effects on Ukraine's economy.

He also travelled to Marinka in the east of Ukraine to see the effects of the four-year conflict in the Donbas region, and received an operational update from the Joint Force Operation Commander Lt Gen Serhiy Nayev. The visit to Marinka highlighted the severity of the ongoing conflict, including its humanitarian and environmental impacts, driven by Russian aggression.

Defence Secretary Gavin Williamson said:

I witnessed first-hand the suffering caused by the brutal conflict in eastern Ukraine – a conflict that is being prolonged by the Russian-backed separatists.

By extending and expanding our training programmes, we are sending a clear message – we support the people of Ukraine and are firmly committed to its sovereignty as it faces down blatant Russian aggression.

In his first visit as Defence Secretary to Ukraine, Gavin Williamson announced the UK will extend its military training operation for a further two years. Crown copyright.

The training, delivered through Operation Orbital, has been expanded in 2018 to include anti-armour, infantry skills, counter-sniping and mortar planning. This is in addition to the defensive skills programmes such as the identification of mines and improvised explosive devices (IEDs), medical care and logistics that UK personnel have been delivering since early 2015.

British personnel have trained over 9,500 of the Ukrainian Armed Forces since the start of Operation Orbital in 2015. The coming year will see a continuing growth in joint training activity with our Canadian allies as well as initiatives between UK personnel and other nations who have also committed themselves to supporting Ukraine.

## [News story: UK fighter jets intercept Russian bombers approaching UK airspace](#)

Today (20 September), RAF Quick Reaction Alert (QRA) Typhoon fighter aircraft

scrambled from RAF Lossiemouth to monitor two Russian planes approaching UK airspace. The Russian Blackjacks long-range bombers were not talking to air traffic control, making them a hazard to all other aviation.

Defence Secretary Gavin Williamson said:

Russian bombers probing UK airspace is another reminder of the very serious military challenge that Russia poses us today.

We will not hesitate to continually defend our skies from acts of aggression. Once again the rapid reactions of our RAF have demonstrated how vital our Armed Forces are in protecting Britain.

The RAF worked closely with NATO partners to monitor the jets as they passed through a variety of international airspace before they were intercepted by the RAF over the North Sea. Subsequently, our fighters escorted the Russian Blackjacks north, out of the UK's area of interest. At no time did the Russian bombers enter UK sovereign airspace.

RAF QRA was launched today because the Russian Military aircraft were not talking to air traffic agencies. The RAF routinely intercept, identify and escort Russian aircraft that transit international airspace within the UK's area of interest and continue to be on call; 24/7, 365.
