

# Press release: Five guilty of illegally fishing in Nottinghamshire

Fishing without a licence has landed five Nottinghamshire anglers with penalties totalling more than £3,500.

Shaun Ryan of Bentinck Close in Newark, Teresa Cotton of Bramerton Road in Nottingham, Sean Bosworth of Hanley Avenue in Nottingham, Robert White of Melbourne Road in Nottingham, and Miodrag Katin of Woolmer Road in Nottingham were all guilty under Section 27(1)(a) of the Salmon and Freshwater Fisheries Act 1975.

All were reeled in by Environment Agency bailiffs on regular patrols designed to catch unlicensed anglers in the act – and protect the sport for those who do follow the rules.

The five offenders were tried on Wednesday 1 February at Nottingham Magistrates Court. Fines totalled £2,750 but with costs and victim surcharges included, the five paid out penalties totalling £3,661.99. A rod licence currently costs from just £27.

Callum Underhill, Environment Agency enforcement officer, said:

Wednesday was a good day for the near-million anglers that fish legally every year, respecting each other and the sport. There really is no excuse – if you don't have a licence, pick one up from the Post Office or online before we pick you up.

It makes no sense to have the embarrassment of a court visit, a criminal conviction and a bill for potentially thousands of pounds when an annual licence is currently just £27. We think these cheats will think twice before picking up a rod illegally again and if they don't, our officers are ready and waiting.

The money from rod licence sales supports fish, fisheries and fishing, and protects the future of the sport. A small number of anglers refuse to buy a licence, cheating the sport and their fellow anglers.

For the minority who flout the rules, the most common offence is fishing without a valid licence, which could land them with a fine of up to £2,500 and a criminal record.

In 2015/16, Nottinghamshire, Derbyshire and Leicestershire enforcement officers checked 6,255 licences and reported 158 for fishing illegally, bringing in fines and costs totalling £45,517.

Last year in England, the Environment Agency checked more than 62,000 rod licences and prosecuted more than 1,900 anglers for rod and line offences,

resulting in fines and costs in excess of £500,000.

Any angler aged 12 or over, fishing on a river, canal or still water needs a licence. A full rod licence costs from just £27 (concessions available) and is available from the Post Office either online or in a local branch, or by phoning 0344 800 5386.

Money from rod licence sales is invested in England's fisheries and is used to fund a wide range of projects to improve facilities for anglers including protecting stocks from illegal fishing, pollution and disease; restoring fish stocks through re-stocking; eradicating invasive species; and fish habitat improvements. Rod licence money is also used to fund the Angling Trust to provide information about fishing and to encourage participation in the sport.

To help crack down on unlicensed fishing, the Environment Agency urges people to report illegal activity by calling its incident hotline on 0800 80 70 60 or Crimestoppers on 0800 555 111.

ENDS

Notes to editors:

- Miodrag Katin, who was proved guilty in absence, was fined £660 and ordered to pay costs of £127, as well as a victim surcharge of £66, making the total penalty £853. Mr Katin was caught on 4 June 2016 on the River Trent at West Bridgford, Nottingham.
- Robert White, who pleaded guilty, was fined £450 and ordered to pay costs of £127.47, as well as a victim surcharge of £45, making the total penalty £622.47. Mr White was caught on 23 July 2016 on the River Trent at Gunthorpe, Nottingham.
- Sean Bosworth, who was proved guilty in absence, was fined £660 and ordered to pay costs of £127.47, as well as a victim surcharge of £66, making the total penalty £853.47. Mr Bosworth was caught on 12 July 2016 at Trent View Fishery, Hoveringham.
- Teresa Cotton, who was proved guilty in absence, was fined £660 and ordered to pay costs of £127.47, as well as a victim surcharge of £66, making the total penalty £853.47. Ms Cotton was caught on 2 July on the River Trent at Colwick, Nottingham.
- Shaun Ryan, who pleaded guilty, was fined £320 and ordered to pay costs of £127.47, as well as a victim surcharge of £32, making the total penalty £479.47. Mr Ryan was caught on 23 July 2016 on the River Trent at Gunthorpe, Nottingham.

- All were found fishing for freshwater fish or eels with an unlicensed instrument in a place where fishing is regulated, contrary to Section 27(1)(a) of the Salmon and Freshwater Fisheries Act 1975.

## [Press release: Milestone reached for Ipswich Flood Barrier scheme](#)

The cofferdam, which is a structure that can be pumped dry to enable construction of the barrier to take place below the river bed level, is now in place.

Over the last few months, VBA the contractors working for the EA, have installed the cofferdam, pumped it dry and they have now excavated the river silts and gravel.

The next stage is to pour the base slab, which is more than 700 cubic metres of reinforced concrete. At the moment the steel reinforcement is being placed by a team of 20 people and the first pour of the base slab will be completed in the next couple of weeks.

The actual tidal gate is being fabricated in Holland and will be delivered later in the year when the concrete structure and control building have been completed.

Progress has been made elsewhere on the site, with the foundations for the flood walls and the control building now installed.

The project, which will reduce the risk of flooding to 1,608 homes and 422 businesses and support key infrastructure, has been partnership funded by: the Environment Agency, Ipswich Borough Council, Department for Communities and Local Government, the Haven Gateway Partnership, and the New Anglia Local Enterprise Partnership.

EA project manager Andrew Osborne said:

The integrated team at the barrier are making good progress and are

on programme to complete the works in spring 2018.

I am really looking forward to the next key milestone, which is the delivery of the tidal gate from Holland later in the summer.

Nick Culshaw, VBA operations director, said:

It has been a real honour to be working with and supporting the EA on this vital project in Ipswich. In order to protect around 2,000 properties, both commercial and residential, within the town from flooding in the future, a 20m wide tidal barrier gate, along with the relevant controls, will be installed.

The barrier, along with additional flood defences undertaken by VBA, will prevent any surge tides and allow the control of fluvial flow as required in the future.

The scheme is due to be completed in 2018.

If you're worried about the risk of flooding to you or a vulnerable person check your flood risk and other information here: <http://ow.ly/SWdMz>. ## Press release: Heineken paying £160,000 over pollution incident

The Environment Agency has accepted an offer of £160,000 for an enforcement undertaking from brewer Heineken UK following a pollution incident at their cider factory in Hereford, which saw several thousand fish killed.

Heineken have also paid more than £12,000 to cover the Environment Agency's legal costs.

The incident, at their Bulmer's cider plant in August 2014, was caused when a container of ammonia-contaminated water was emptied to a surface water drain which connected to the Widemarsh Brook.

At the time it was estimated that between 2,000 and 3,000 fish were killed including bullhead, minnows, juvenile chub & dace.

Environment Agency spokesperson Dave Throup said:

It's very unfortunate that a significant pollution of one of Hereford's main watercourses happened as a result of Heineken's actions.

However, we are pleased that the company is planning to make a positive contribution to the county's environment by offering this enforcement undertaking.

As a result of the enforcement undertaking, £150,000 will go to the Wye & Usk foundation and £10,000 to Yazor Widemarsh & Eign Brook restoration project.
