

Pan-SRUC Seminar

Mental Health Week – Stress: Are we coping?

Mental Health Awareness Week at SRUC

As part of SRUC's commitment to positive mental health for our students and employees, we are pleased to support Mental Health Awareness Week.

Attracting pollinators easy as A, Bee, C

With the planet set to be abuzz with activity for World Bee Day this weekend (Sunday 20 May 2018), new advice demonstrates how farmers can improve their crop yields by providing habitats for insects.

Women in Agriculture holds successful spring event

The Chair of Women in Agriculture has hailed the group's "fantastic" spring event in Perthshire last Friday (11 May).

Biosolid advice

The advantages of using organic fertilisers are highlighted in a free online resource for Scottish farmers.
