

SRUC to research Covid-19 in rural Scotland

Scotland's Rural College (SRUC) is one of 15 Scottish universities and research institutions contributing to global efforts to combat coronavirus and its wider effects.

Benchmarking farm performance

New benchmarking tools have been created to help farmers improve their profitability by comparing their performance against other businesses in the sector.

Hydrogen fuelled tractor enthusiasm grows on Aberdeenshire farm

What started as a cursory interest has resulted in Mr Barron retrofitting two tractors and his farm jeep with a hydrogen electrolyser saving him 20% on his fuel costs.

New approaches needed to boost productivity in Scottish agriculture

Scottish agriculture may need to adopt some "radical" approaches to maintain productivity growth and enhance its resilience.

Do you know your beans?

Researchers from Scotland's Rural College (SRUC) have joined scientists across Europe to study factors affecting the yield of beans.
