

## **Managing the risk of Grass Staggers**

In the last week, there has been a large increase in cases of hypomagnesemia (Grass Staggers) in beef cows.

---

## **Focus on what you can control**

With the outcome of Brexit still far from certain, many farm businesses have little clear idea of what they could – or should – be doing to prepare.

---

## **From Plate to Planet**

With red meat consumption a hot topic of conversation, SRUC is hosting a free event to help people make up their minds about the industry's pros and cons.

---

## **The curious incident of porpoises killed by 'dog-bite' bacteria**

Scientists from a wide range of backgrounds have pooled their resources to solve the mystery of a 'dog-bite' bacteria attributed to the death of harbour porpoises.

---

## **Making the most of farm woodland**

Forestry professionals are set to share their expertise on how to boost the productivity of existing woodland.
