## Straight from the horse's mouth

Equine Studies students got a chance to learn straight from the horse's mouth on a study tour of the Scottish Borders.

#### <u>Protein replacement poses challenge</u>

Capacities for completely replacing animal protein in the human diet are limited and would require "major changes" in the structure of global agricultural food systems, according to new research.

## Driving forward low-carbon farming

A new farmer-led initiative is aiming to drive low-carbon, environmentally sustainable farming practices in Scotland.

#### Brand new arable event for Scotland

SRUC is one of three industry organisations to have joined forces to launch a brand new field-based arable event for Scotland.

# <u>Spreading the word</u>

The range of innovative teaching methods used by Scotland's Rural College has been shared at an Irish education conference.
