Responding to the news that Labour plan to close the Bibby Stockholm, Green Party Refugee and Migration Spokesperson, Benali Hamdache, said,

“Today’s announcement to close the Bibby Stockholm is very welcome.

“The conditions there are as cruel as they are ineffective.

“It’s entirely inappropriate for people to be held in such vile conditions.

“Seeking asylum is a right that the UK should ensure is undertaken with dignity and appropriate levels of support.

“I congratulate Labour for making this move in their first weeks of administration.

“If Labour now accept the need to close the Bibby Stockholm, we hope they now also take a long hard look at other detention centres like Yarl’s Wood that inspectors have deemed “[no longer safe](#)” let alone desirable.”
