

The principal contractor for the Grenfell Tower site: an update

Our existing contract with the on-site contractor for Grenfell Tower will expire in June 2021. We need to re-procure the contract due to government rules and guidance on spending public money. It is a standard process and is part of the government's role in keeping the site safe.

From 8 December, we are inviting potential companies to bid to carry out some of the [safety and day-to-day maintenance works](#) on the Grenfell Tower site. We know that this will be of interest to some of the community. In this update, we explain how we'll approach this, as well as the ways you can be involved if you would like to be.
