

[This report underlines just how rigged our economy & country actually is in favour of the wealthiest – Jeremy Corbyn](#)

Jeremy Corbyn MP,
Leader of the Labour Party, commenting on a report by the
Social Mobility Commission, said:

“This report underlines just how rigged our economy and country actually is in favour of the wealthiest and the privileged few. While the Conservatives look after the interests of their friends, they are closing down opportunity for the many by slashing funding for education.

“Labour is committed to a country that works for all, a real living wage of at least £10 an hour by 2020, investment in industry, infrastructure and public services and a national education service which equips the next generation with the skills our country needs to succeed, so that no one and no community is left behind.”
