

Transparency data: Bovine TB: compensation value tables

Updated: Added the October 2018 compensation table.

Compensation is paid according to published table values for any cattle compulsorily culled to control the spread of the following diseases:

- bovine TB
- brucellosis
- enzootic bovine leukosis

In the [guide to compensation for animals culled to control animal diseases](#), you can read about how the Department for Environment Food and Rural Affairs (Defra) gathers information for the tables.

This publication page provides value tables for historical compensation claims and for reference.

[Compensation tables for 2017 and earlier](#) can be found on the National Archives website.
