

Transparency data: Climate change regimes: civil penalties imposed

Updated: The Environment Agency has removed penalties 16 to 18 for EU ETS installations and penalties 21 to 54 for EU ETS aviation. This is because these penalties have been published for 1 year.

Participants or operators who have not complied with their legal requirements and received a penalty.

Climate change regimes include all the regulatory regimes that aim to reduce emissions of greenhouse gases.

Civil penalties imposed by the Environment Agency, in accordance with [annex 2 of the enforcement and sanctions policy](#) are now published on data.gov.uk.
