

Tung Wah Hospital General Out-patient Clinic to resume service after renovation

The following is issued on behalf of the Hospital Authority:

The spokesperson for Hong Kong West Cluster (HKWC) today (December 4) announced that the Tung Wah Hospital General Out-patient Clinic will resume service next Tuesday (December 10) at its original site at 12 Po Yan Street, Sheung Wan, upon completion of renovation works. The service hours will remain unchanged (details are appended).

According to the spokesperson, due to the earlier renovation works, the services of the clinic had been temporarily relocated to other clinics since May 6 this year. Following the completion of renovation, the services will be relocated back to the original site.

Patients with chronic illnesses requiring follow-up have already been informed and arrangements have been made for follow-up appointments at the original clinic site. Patients with episodic illnesses can make appointments via the Telephone Appointment System (Tel: 3543 5958) as usual.

"HKWC has already informed the residents in the district on the service arrangements through various channels, including posters outside the renovated clinic and notices in the temporary service relocation clinics. The respective District Council has also been informed. A reminder message will also be added to the Telephone Appointment System of the clinic," the spokesperson added.
