

Two central recruitment days under e-Learning Support Scheme to be held by Labour Department in June

The Labour Department (LD) is going to hold a training-cum-employment project named the e-Learning Support Scheme (eLSS) under the Youth Employment and Training Programme (YETP). Two central recruitment days will be held on June 13 and 26.

In order to facilitate the further development of electronic learning in secondary and primary schools as well as kindergartens in Hong Kong, several youth training projects under the Campus Series were consolidated into the eLSS in 2015 by the YETP. The eLSS aims to provide pre-employment and on-the-job training for young people who seek to pursue their career in the sectors of information technology, education and multimedia, and help pave the way to a promising future from school to career.

Last year, with support from over 100 schools across the territory, about 70 young people were employed under the eLSS to undergo 12-month on-the-job training with pay in September 2017 after pre-employment training.

As the eLSS was well received by both schools and young people, the YETP is relaunching the project this year, providing vacancies under the post of eLearning Support Officer. Two central recruitment days will be held in June for young people to receive job referrals and attend on-the-spot interviews with details as below:

Date: June 13 (Wednesday) and June 26 (Tuesday)

Time: 10am to 1pm and 2pm to 5pm

(Different schools in two sessions)

Venue: G/F, YMCA College of Careers, 23 Waterloo Road, Kowloon

(Entrance near MTR Yau Ma Tei Station Exit A2)

Interested young people are invited to visit the dedicated website www.yes.labour.gov.hk/Employers/EmpJOBelss/Index, or call the hotline at 2382 1310 for more details on the central recruitment days.
