

## UK grows faster in January

The UK economy grew faster in January, and is now growing faster than the Euro area, France, Germany and Italy. Thanks to Brexit!

The latest annual figures for the main advanced economies shows tax cutting USA way out ahead with 3.1% growth in 2018, the UK at 1.3%, France at 0.9%, Germany at 0.6% and Japan at 0.3%. Italy has spent the last half year in recession.
