

The top 5 steps in our plan for Britain's future

The Liberal Democrats have officially launched our [2019 General Election Manifesto!](#)

In it, we have outlined a clear plan to build a brighter future, where every person, every community and our planet can thrive.

Don't have time to read the full manifesto right now? Here, we explain our top 5 steps:

1. Stop Brexit

Labour and the Conservatives can't offer the country a brighter future because they both want Brexit.

The national humiliation of Brexit puts so much at risk; we know that it would be bad for our economy, bad for our NHS and bad for our environment.

Jo Swinson is the only candidate for Prime Minister who unequivocally believes that the UK is stronger as part of the EU.

By keeping the UK in the EU, we can get on with tackling the real issues facing our country, and we can do this by **investing the £50 billion Remain Bonus in public services and tackling inequality.**

2. Tackle the climate emergency

We are the first generation to know we are destroying the environment, and the last generation with a chance to do something about it before it's too late.

Liberal Democrats offer a new plan to innovate our way out of crisis. To mobilise every community in the country, and the resources of both the public and private sector to achieve it. To turn the birthplace of the industrial revolution into the home of the new Green Revolution.

This starts by generating **80% of our electricity from renewables by 2030** and **insulating all low-income homes by 2025**.

3. Give every child the best start in life

**GIVE EVERY CHILD
THE BEST START IN LIFE
BY RECRUITING 20,000
MORE TEACHERS
AS PART OF AN EXTRA
£10 BILLION A YEAR
FOR SCHOOLS.**

**LIBERAL
DEMOCRATS**

Our schools should be world class, helping every child make the most of the challenges ahead. But instead, they are trailing behind.

The Conservatives have cut school funding to the bone and children have paid the price, especially those with the most complex needs.

Liberal Democrats will build a brighter future for every child. By stopping Brexit, we can **spend £10 billion of our Remain Bonus on reversing school cuts and hiring 20,000 more teachers** – so that pupils can leave school happy, healthy and with the skills they need to succeed in life.

This is an investment in our children's future.

4. Build a fairer economy

GIVE EVERY ADULT

£10,000

TO SPEND ON

SKILLS AND TRAINING

THROUGHOUT THEIR

LIVES.

LIBERAL 
DEMOCRATS

In an ever changing workplace people often need to develop new skills, but the cost of courses and qualifications shuts too many people out.

Liberal Democrats will create a new era of learning throughout adult life with Skills Wallets for every individual, providing them with £10,000 to spend on education and training at various stages of their lives.

With Skills Wallets, we will empower people to develop new skills so that they can thrive in the technologies and industries that are key to the UK's economic future and prosperity.

Another key factor in building a fairer economy is by **providing free, high-quality childcare for every child aged two to four, for 35 hours a week, 48 weeks a year.** This offer is extended to children aged between 9 and 24 months where their parents are in work.

This offering will finally give parents more choice about when they return to work and unlock their untapped potential for our economy.

5. Transform our mental health services

Approximately one in four people in the UK will experience a mental health problem each year. But for too many, treatment is a postcode lottery.

No one should be forced to travel unreasonable distances away from home, and that's why **Liberal Democrats will invest £11bn into mental health to provide parity of urgency with physical health.**

We want to break down the barriers of stigma and shame, which leave those suffering, alienated and isolated, and we want to make the UK a world leader in keeping our nation well with our push for greater emphasis on wellbeing.

Only Jo Swinson and the Liberal Democrats have a plan to stop Brexit and build a brighter future for everyone.

[Watch Jo Swinson's manifesto launch speech](#)

Last night, we held our Liberal Democrat manifesto launch event in Camden, North London, where Jo Swinson laid out our ambitious government plans for both people and the planet.

In her speech, Jo emphasised that the Liberal Democrats are the only party that can take votes away from the Conservatives, the only party that will stop Brexit and the only party that can build a brighter future for our country.

She also laid out the key points in our Plan for Britain's Future:

- 1. Stop Brexit** and invest the £50 billion Remain Bonus in public services and tackling inequality.
- 2. Tackle the climate emergency** by generating 80% of our electricity from renewables by 2030 and insulating all low-income homes by 2025.
- 3. Give every child the best start in life** by recruiting 20,000 more teachers as part of an extra £10 billion a year for schools.
- 4. Build a fairer economy** by providing free childcare from 9 months and giving every adult £10,000 to spend on skills and training throughout their lives.
- 5. Transform our mental health services** by treating mental health with the same urgency as physical health.

[Liberal Democrat 2019 Manifesto](#)

Today, we can finally share our full Plan for the Future with you!

This manifesto is a bold plan to build a brighter future for our country.

That starts with **stopping Brexit**.

The Liberal Democrats will build a brighter future for people and our planet.

Labour and the Conservatives can't offer the country a brighter future because **they both want Brexit**. We know that will be bad for our **economy**, bad for our **NHS** and bad for our **environment**.

Our politics has been dominated by the two, tired old parties for too long. This election provides an opportunity to change the future of our country.

The Liberal Democrats will build a brighter future for people and our planet.

Our ambitious plan includes:

- Stopping Brexit.
- Then, investing the £50 billion Remain Bonus in public services and tackling inequalities
- Tackling the climate emergency
- Building a fairer economy and transforming opportunities
- Giving every child the best start in life
- Transforming our mental health services
- Adopting a public health approach to serious violence
- Fixing the broken immigration system

Our Plan for a Brighter Future

For too many people, things aren't working as they should be. The Conservatives and Labour are stuck in the past, failing time and again to deliver a better future.

Brexit chaos has distracted from the real issues facing our country. While the Tories and Labour are squabbling over the latest Brexit deal, the country is in crisis.

The NHS can't afford to help the huge numbers of people facing battles with their mental health. Noone's taking the radical action needed to tackle climate change. Schools are so chronically underfunded that some can only open 4 days a week.

It doesn't have to be like this.

Trans Day of Remembrance

20th November is Trans Day of Remembrance. Every year, we take a moment to remember those in the trans community who have been lost too soon. Too many are killed or are made to feel like they have no choice but to end their lives for simply being who they are.

We proudly champion the T, alongside the LGB, for a society where no-one is made to feel unsafe or worthless because of who they are or who they love.

We in the Liberal Democrats stand with our trans friends. We proudly champion the T, alongside the LGB, for a society where no-one is made to feel unsafe or worthless because of who they are or who they love.
