## Q&A – How conference works

**Q: Who runs conference?**

Conference is run by the Federal Conference Committee (FCC). FCC decide on what motions to debate, how long they are debated for and even where Conference is held. Members are elected every 3 years by a ballot of all party members. If ever enough members were to disagree with a decision that FCC has made, they can appeal the decision via the Federal Appeals Panel or ask members at Conference to back them.
