[Ministers ignored warning on airport chaos](#)

Over the last few days, our newspapers have been full of stories about travel chaos due to increased security at Schengen area airports.

And Ministers were warned.

[National Trust attacks government on farming](#)

If the Government doesn't guarantee farm subsidies beyond 2022, then the family farm could disappear entirely – that's the damning verdict of the National Trust.

Eurozone growth puts UK at bottom of league table

The Eurozone has grown twice as fast as the UK, which in no time has gone from the top of the growth league to the bottom.

The government's shambolic handling of Brexit, which is denting business confidence by the day, is certainly not helping.
