## [UK's weekly payment to EU half the £350m Brexiteers claimed](#)

New Treasury figures have revealed that the UK made a net payment of roughly £156m a week to the European Union in 2016/17, the lowest level for five years.

Treasury figures suggest the UK's net contribution to the EU budget for the 12 months to March 2017 was £8.1bn, or around £156m a week.
