

# Press release: New safety measures for A47 in Norfolk

From:

First published:

6 February 2017

Part of:

A new trio of safety measures is being installed on Norfolk's main trunk road this month.

The improvements, to the A47 Acle Straight as the road passes through The Broads, are due to begin on Monday 13 February, and come ahead of consultations into major upgrades elsewhere on the A47 that will start in the spring.

The safety work taking place this month consists of:

- improving traffic signs, road markings and kerb alignment at the A47 and A1064 roundabout
- improving warning signs, road markings, and hazard posts at farm accesses around Wherryman's Way
- improving advance direction and warning signs at the Halvergate junction

Highways England project sponsor Steve Cox said:

Highways England is committed to improving driver safety across all of our roads, and the work we are doing on the A47 show that safety is our priority both in Norfolk and across the East of England. We believe these safety measures will deliver real benefits to help address a history of collisions on this stretch of road and right turns at the Halvergate junction.

Highways England is delivering £15 billion of Government investment between 2015 and 2020 to improve England's trunk roads and motorways, including £400 million worth improvements on the A47.

This will include:

- dualling of the A47 between Norwich and Dereham
- improving the A11 and A47 Thickthorn junction
- dualling the A47 between Norwich and the Acle Straight
- improving junctions throughout Great Yarmouth, including reconstructing the Vauxhall roundabout

There will be six weeks of consultations on these works for the public to share their views on this work will be taking place shortly, with details to follow.

# **[Press release: Planned roadworks in Yorkshire and the Humber: summary for Monday 6 February to Sunday 12 February 2017](#)**

The following summary of planned new and ongoing road improvements over the coming week is correct as of Friday 3 February and could be subject to change due to weather conditions or unforeseen circumstances. All our improvement work is carried out with the aim of causing as little disruption as possible.

## **M1 junction 30 Barlborough**

The northbound exit and entry slip roads will be fully closed overnight on Tuesday 7 February for survey works. The closures will take place between 8pm and 6am, and drivers will be able to follow clearly signed diversion routes.

## **M1 Junction 32 Thurcroft to Junction 35a Stocksbridge**

The hard shoulder is currently closed in both directions as part of the smart motorway scheme between junctions 32 and 34. The M18 Southbound link to the M1 northbound will be fully closed overnight for five nights from Monday 6 February. The northbound carriageway will be fully closed between the slip roads at junction 32 overnight for two nights on Saturday 11 February. The northbound carriageway will be fully closed between the slip roads at junction 33 overnight for two nights on Saturday 11 February.

The northbound exit slip road at junction 33 will be closed overnight for two nights from Monday 6 February. The northbound carriageway will be fully

closed from junction 32 to junction 33 overnight for three nights from Wednesday 8 February. The southbound carriageway will be fully closed from junction 32 to junction 33 overnight for two nights from Monday 6 February. The southbound carriageway will be fully closed between the slip roads at junction 34 for two nights from Monday 6 February.

The southbound entry slip road at junction 33 will be fully closed overnight for two nights from Monday 6 February. There will be narrow lanes and a 50mph speed limit until the project is completed. The closures will take place between 8pm and 6am, and drivers will be able to follow clearly signed diversion routes.

## **M62 junction 22 to junction 23 Outlane**

The eastbound carriageway will be reduced to single lane overnight for 6 nights from Monday 6 February for road markings to be repainted and reflective road studs to be replaced. The closures will take place between 10pm and 6am.

## **M62 junction 26 Bradford (M606 interchange)**

The slip roads and roundabout will be reduced to a single lane overnight, between 7pm and 6am, on Tuesday 7 February to complete landscaping and other minor works associated with the junction improvement. Drivers will be able to follow clearly signed diversion routes.

## **M62 junction 27 Gildersome**

The eastbound entry slip road will be fully closed overnight on Tuesday 7 February for technology works. The closure will take place between 9pm and 6am, and drivers will be able to follow clearly signed diversion routes.

## **M62 junction 30 to junction 31 Normanton**

The carriageway will be fully closed overnight on Sunday 12 February for scaffold works. The closures will take place between 8pm and 6am, and drivers will be able to follow clearly signed diversion routes.

## **A1M junction 38 to junction 37 Marr**

The southbound carriageway will be fully closed overnight on Tuesday 7 February for barrier works. The closures will take place between 9pm and 6am, and drivers will be able to follow clearly signed diversion routes.

## **A64 Fulford**

The eastbound carriageway will be fully closed between the slip roads overnight for two nights from Monday 6 February for bridge works. The westbound carriageway will be fully closed between the slip roads overnight for five nights from Monday 6 February for bridge works. The closures will

take place between 8pm and 6am, and drivers will be able to follow clearly signed diversion routes.

Summary of planned new and ongoing road improvements over the coming week.

The following summary of planned new and ongoing road improvements over the coming week is correct as of the above date but could be subject to change due to weather conditions or unforeseen circumstances. All our improvement work is carried out with the aim of causing as little disruption as possible.

### **A30 between Trebursye and Kennards House, west of Launceston: resurfacing**

Westbound carriageway will be closed overnight from 7.30pm on 6 February until 6am on 7 February. Diversion will be in place via Tregadillett.

### **A38 between Dobwalls and Turfdown, east of Bodmin: stabilisation work**

24-hour one-way system will be in operation between the Halfway House and Trago Mills until 14 April. A 30mph speed limit will be in place between Two

Waters Foot and St Neot junction with a 24-hour westbound diversion via the A390 and North Lane to rejoin the A38 west of Two Waters Foot. Trago Mills can be accessed via the A38 as per normal.

# **Investment boost for Rhondda with new facility set to create up to 40 jobs in Maerdy**

The investment by SPC follows its acquisition of two rubber compound mixing production lines from Avon Engineered Rubber's site in Maerdy. As part of its long-term strategy to invest in its colour-compounding capability, SPC moved one line to its manufacturing headquarters in Westbury, Wiltshire, and initially planned to move the second line to its facility in Barcelona.

In order to retain the asset in Wales and support the creation of new jobs, the Welsh Government is providing a £150,000 grant to back the large investment SPC is making to refurbish and fit out the Maerdy premises.

Economy Secretary Ken Skates said:

"This is a great outcome for all concerned. SPC is investing in existing and new equipment and Maerdy will have a new hi-tech rubber manufacturing plant with new jobs on the way. I am delighted to welcome SPC as a new inward investor and leading manufacturer to Wales."

SPC, founded in 2001 by Stephen and Marilyn Hallas, is a rapidly growing, privately owned business and a recognised leading manufacturer of rubber compounds. Its world-class manufacturing principles combine investment in cutting-edge technology with unparalleled quality controls and complete batch traceability.

It specialises in technically demanding high quality products routinely used

by market leaders in the aerospace, automotive and process industries and the energy sector.

SPC Operations Director, Paul Hallas, said:

“The new compounding facility represents the latest phase of our expansion plans for the growing business. It will bring ultra-clean, colour compounding expertise into the SPC fold.

“The new plant will use the most modern advancements in state-of-the-art intermeshing technology, enabling us to offer the option of non-black rubber compounds and strained materials to both existing and new customers.

“And, with new regulatory measures coming into place, we predict this to be a future area of growth.”

The new Maerdy facility is expected to be up and running by early 2017.

## **[Press release: Planned roadworks in the East of England: weekly summary for Monday 6 to Sunday 12 February 2017](#)**

The following information summarises the work being carried out this coming week. It is correct as of the above date but could be subject to change due to weather conditions or unforeseen circumstances. All our improvement work is carried out with the aim of causing as little disruption as possible.

### **Various roads: routine inspections and maintenance for street lighting**

Highways England is carrying out a programme of routine inspections of electrical and structural equipment across the region, which is planned for completion in spring 2017. In addition there is a programme of maintenance which includes bulk lamp changes.

Work will include inspecting equipment on:

- the A1 between Wittering and Stibbington with traffic management but no full closures
- the A12 at Chapel St Mary's with traffic management but no full closures

Work will include maintenance and bulk lamp changes on:

- the A1 between Wittering and Stibbington with traffic management but no full closures
- the A1 between Sandy and Biggleswade with traffic management but no full closures

## **Various roads: barrier repairs**

Highways England will continue repairs to barriers throughout the week, using lane closures to keep road users at a safe distance from the work. The work will take place at various locations, between 8pm and 5am. This week we are repairing barriers on the M11 in both directions from Monday 30 6 to Friday 10 February overnight, using lane closures while we are working between junctions 6 (M25) and 9 (A11). We are also repairing barriers on the A120 in both directions, between junction 8 with the M11 and Braintree (Marks Farm).

## **Various roads: litter picking and sweeping**

Highways England will continue litter picking throughout the week on the M11. This will be done using a mobile slow-moving hard shoulder or lane closure. Work will also include sweeping the hard shoulder of the M11 during the day while we litter pick between junctions 6 (M25) and 9 (A11).

## **M1: technology repairs**

Highways England will be working to repair and replace faulty power cables for signage technology on the motorway, including overhead sign lighting, on the M1. This will be done using lane and hard shoulder closures while we are working, between 9pm and 5am, from Monday 6 February to Friday 10 March. As part of this work, it will be necessary for slip roads to be closed overnight on some dates. Where slip roads are closed, drivers will be diverted to continue on the M1 to the next junction, exit and return to leave the junction from the opposite direction.

## **M11 and A120: structures maintenance**

Highways England are carrying out routine maintenance work on bridges crossing the M11 between junctions 6 (M25) and 9 (A11) in both directions. They will also be doing similar work on the A120, between junction 8 with the M11 and Braintree (Marks Farm). These will be done during the day, with the hard shoulder closed while we are working.

## **M11 and A120 Stansted Airport: pothole filling**

Highways England will be filling in potholes on the M11 between junctions 8 (Stansted Airport – Bishop's Stortford) and 9 (A11) in both directions, and on the A120 between Braintree and junction 8 of the M11. This will be done using lane and hard shoulder closures while we are working, between 8.30pm and 6am, from Monday 6 to Friday 10 February.

## **M1: routine maintenance**

Highways England will be doing routine maintenance of structures and technology boxes along the M1 during the day. These will be done with a hard shoulder closure, taking place between junctions 6 (M25) and 9 (A11).

## **A5-M1 Link (Dunstable Northern Bypass), Bedfordshire: major improvements**

Highways England is building a new 2.9-mile, two-lane dual carriageway running from north of Dunstable and joining the M1 at a new junction 11a, south of Chalton. Main construction started in March 2015. Work is progressing well. The traffic management, including hard shoulder closures, safety barriers, signs, CCTV and average speed cameras, will stay in place throughout the construction work, which will be carried out in phases and should be finished in spring 2017.

## **Work on the M1**

This week there will be M1 lane closures between junctions 10 and 13 from Monday 6 February to Friday 10 February between 10pm to 6am for overhead gantry works.

There will be overnight M1 road closures between Junction 11 and 12 for new sign gantry works as follows:

- Tuesday 7 February M1 closed southbound from 10pm to 6am
- Wednesday 8 February, M1 closed northbound from 10pm to 6am

During the M1 closures a clearly signed diversion will be in place between M1 J11 and 12 via A5120 (Bedford Road), Poynters Road, A505 (Dunstable Road).

## **Work on the A5 and local roads**

This week there will be traffic lights overnight on the A5-A505 between 8pm and 6am for safety barrier installation and construction of a new footpath works. There will be off-peak temporary traffic lights on local roads and A5 between 9.30am and 3.30pm for verge and safety barrier work.

## **Cycle improvements schemes in Suffolk, Essex, Norfolk and Bedfordshire**

Work is substantially completed on the building or improving of cycle paths at 16 locations across the East of England including on the A12, A120, A47 and A5.

The work included the installation of new and upgraded shared-use foot/cycle ways and toucan crossing facilities. The new or improved paths will make it safer and easier to cycle on or around major A-roads and will improve

connections with the local and national cycle network.

The project is part of a country-wide initiative which will see Highways England deliver 200 projects over the next five years after the government set up a £100 million dedicated fund for cycling in its Road Investment Strategy.

Ongoing work for this week:

## **A12 Lowestoft – Station Road/Gunton St/Peters Avenue**

There will be off peak three way lights upgrading the existing footpath works. The northbound bus stop opposite the works has temporarily been suspended, whilst the southbound bus stop has been relocated.

## **A12 Lowestoft: Bascule Bridge maintenance**

We will be carrying out routine maintenance works on the A12 Bascule Bridge at Lowestoft. This will be between Monday 6 and Monday 20 February, from 8pm to 6am. During the work the A12 will be closed in both directions at the bridge and a diversion will be clearly signposted via the A1117, A146 and A1144.

A free hourly bus service will be provided for pedestrians wanting to cross the bridge. This will leave from the north side of the bridge at quarter past the hour and from the south side at quarter to the hour.

## **A12/A47 renumbering**

Highways England is renumbering part of the A12 to become the A47. This work is being carried out as part of the improvements to the A47/A12 corridor. We will be replacing road signs that currently show the A12 to now show the A47. The work will last approximately 12 weeks to complete. The section of the A12 that currently runs from Lowestoft to Great Yarmouth will become the A47.

There will be off peak lane closures and two/three way traffic lights during the day and night throughout Lowestoft on the A12 installing sign faces and patches.

## **A14 Bury St Edmunds: junction improvements**

Improvement works are being carried out on the A14 junction 45 Rookery Crossroads/Rougham. Works include construction of new eastbound slip roads, which are being funded by Suffolk County Council as part of the Bury St Edmunds Eastern Relief Road scheme. There is a 24 hour 40mph speed limit in place through the works for safety reasons, works are currently taking place overnight using lane closures in both directions. The works are due to take five months to complete.

# **A14 Cambridge to Huntingdon, Cambridgeshire: major improvements**

Early preparatory construction work on the A14 Cambridge to Huntingdon scheme has been underway for a number of months.

We are currently carrying out a variety of tasks which will require us to close lanes / carriageway on the A1, A14 and some of the side roads.

The work we are doing will include:

- creating strengthened crossing points for site vehicles on a number of the side roads – these are called plant crossings
- installing access points to our construction compounds
- taking core samples of the existing trunk roads to enable appropriate design and construction
- clearing the site of vegetation which is adjacent to the live carriageway
- installing CCTV and average speed cameras
- installing scheme boards

Wherever possible, work will take place at night (usually between 8pm and 6am) to minimise disruption to traffic. During week commencing 6 February lane or carriageway closures are currently planned for the following locations to enable site clearance, installation of CCTV and installation of scheme boards. All closures are between 8pm and 6 am unless otherwise stated.

## **Full closures**

Monday 6 February:

- A14 westbound between Junction 31 to Junction 27
- A1 southbound between Brampton Hut & Buckden

Tuesday 7 February:

- A14 westbound between Junction 31 to Junction 27
- A1 southbound between Brampton Hut & Buckden

Wednesday 8 February:

- A14 eastbound between Junctions 26 & Junction 31

Thursday 9 February:

- A14 eastbound between Junctions 26 & Junction 31

Friday 10 February:

- A428 eastbound from Caxton Gibbet to Girton

Saturday 11 February 8 am to Monday 13 February 5am:

# Lane closures

Monday 6 February:

- M11 northbound between Junction 13 & Junction 14 Lane 2
- A14 eastbound between Junction 18 & Junction 20, Lane 1
- A1 southbound between Alconbury to Brampton Lane 2

Tuesday 7 February:

- M11 northbound between Junction 13 & Junction 14 Lane 2
- A1 southbound between Alconbury to Brampton Lane 2
- A1 southbound between Junction 15 & Junction 14 Hard Shoulder

Wednesday 8 February:

- A14 eastbound between Junction 24 & Junction 26 Lane 2
- A1 northbound between Little Paxton & Brampton Lane 1
- A1 southbound between Alconbury to Brampton Lane 1

Thursday 9 February:

- A14 eastbound between Junction 24 & Junction 26 Lane 2
- A1 southbound between Alconbury to Brampton Lane 1
- M11 northbound between Junction 12 & Junction 13 Lane 1

Friday 10 February

- A1 southbound between Alconbury to Brampton Lane 1
- A14 westbound Junction 34 to Junction 33 Lane 1 A14 Cambridgeshire: drainage repairs

Highways England is undertaking investigations and repairs to the drainage system of the A14 between junctions 32 (Girton – M11 interchange) and 35 (Stoke cum Quy). There will be lane closures between 8pm and 6am while we are working overnight, with all works on weekdays only.

This week we are working on the A14 in both directions with the inside lane closed between junctions 34 and 35. A47 Dogsthorpe: junction improvements (Peterborough City Council)

Peterborough City Council is continuing its junction improvement work at the A47/A15 Dogsthorpe junction, Peterborough. The work will involve some overnight full closure and 24/7 lane closures on the A47.

For more information, [visit the scheme website.](#)

## **A120 and A12 Essex: essential maintenance work**

We are completing essential maintenance work on the A120 and the A12 in Essex, which will be ongoing until May. This work will include resurfacing, safety barrier repairs, and bridge repairs, with work taking place between

Braintree and Marks Tey, near Colchester, at Kelvedon, and at Wix. Unless detailed otherwise, work will be taking place between 8pm and 6am.

This week we are resurfacing the road and footpaths and replacing street lights, fencing and road signs on the A120 between Marks Tey and Marks Farm from Monday 6 to Friday 10 February, under temporary traffic signals and full closure. The A120 will be closed Wednesday 8 to Friday 10 February while we are working from West Street to B1024 junction. (Coggeshall). Drivers heading westbound diverted to continue south on the A12 to junction 19, take the A130 northbound to Little Waltham, the A131 northbound through Great Notley, then re-join the A120 at Braintree. Drivers heading eastbound will follow this diversion in reverse. We expect this work to be completed by May.

We are repairing drainage on the A120 Wix bypass on nights from Monday 6 to Friday 10 February. There will be traffic lights in place and a 40mph speed limit while we are working. This work is expected to be complete by late April.

We are replacing the central reservation safety barrier on the A120 between junction 29 of the A12 (Crown Interchange) to Hare Green (between the B1029 and the A133). There will be narrow lanes westbound with a 50mph limit in place in both directions 24/7 throughout the works until mid-March. In addition there will be a lane 2 closure eastbound from Monday 6 to Friday 10 February overnight. Overnight westbound full closures from Saturday 11 to Sunday 12 February – Great Bromley Junction and A133 link road. Diversion Route via A131 / A1232 to Junction 29 for Temporary Barrier and narrow lanes to be relocated.

We are repairing bridge joints on the A12 Ewell Bridge near Kelvedon. We will complete this works over the weekends between Saturday 4 February and Monday 6 March. The closure will start on a Saturday evening to Monday morning. To keep road users at safe distance from works the bridge will be closed to pedestrians and divers. Drivers will be diverted to take the A120 westbound to Braintree, then take the A131 southbound through Great Notley, then take the A130 southbound and then east around Chelmsford to re-join the A12. Pedestrians who cross over Ewell Bridge westbound from its connection with Windmill Hill will be diverted head south on Windmill Hill to its junction with Highfields Lane, then along Highfields Lane, heading towards Kelvedon, before crossing Maldon Road Bridge to the junction with Ewell Hall Chase, and finally join Ewell Hall Chase to meet with the public right of way in the vicinity of Ewell Hall Farm. Pedestrians wishing to cross eastbound, the diversion is the reverse of the above.

The A120 Blackwater Bridge footpath will be accessible but reduced in width to 1.2m from Monday 6 to Friday 10 February to allow bridge deck investigative works. The works will only take place on a day time, but the pedestrian management will be in place for safety 24hrs a day.

## **A120 Great Bromley: road surface repairs**

Highways England will be repairing the road surface of the A120 near Great Bromley. Subject to weather conditions, we plan to complete this work between

Tuesday 7 and Thursday 9 January, working between 8pm and 6am on weeknights only.

To keep road users at a safe distance from the works, we will close the A120 westbound between the Harwich Road junction (shortly before the A133 Hare Green Interchange) and the A12/A120 Crown Interchange at Colchester. The westbound carriageway of the A133/A120 link road will also be closed during our works. There will be a clearly signed diversion route in place via the B1035, B1033, A133 and A1232.

Drivers who miss the Tendring diversion will be turned around at the A120/Little Bromley Road and A120/Harwich Road junctions to pick up the strategic diversion route at Horsley Cross roundabout.

## **A428 Eltisley: street lighting and road markings**

Highways England will be improving street lighting and road markings on the A428 through Eltisley. This will be done between Monday 30 6 February and Friday 31 March. During the works we will have traffic lights in place while we working. As part of this work, it will be necessary for road to be closed overnight on some dates. Where the A428 is closed westbound, drivers will be diverted to take the A1198 northbound at Caxton Gibbet roundabout, then at Godmanchester follow the A14 westbound to junction 21 at Brampton Hut, then take the A1 southbound and follow the A1 southbound to Wyboston junction roundabout, where the diversion ends. Drivers heading eastbound will follow this diversion in reverse.
