

News story: Making a success of Brexit

Following the outcome of the EU referendum, the Medicines and Healthcare products Regulatory Agency (MHRA) is working closely with the Government to analyse the best options and opportunities available for the safe and effective regulation of medicines and medical devices in the UK.

While negotiations continue, the UK remains a full and active member of the EU, with all the rights and obligations of EU membership firmly in place. Working with our partners, stakeholders and customers, our focus remains: protecting health and improving lives.

Medicines regulation

Playing a full, active role in European regulatory procedures for medicines remains a priority. We contribute significantly in both the centralised and decentralised regulatory procedures, including new rapporteur and reference member state (RMS) appointments, and maintain our programmes for implementing EU legislation as required by our obligations as a Member State. We are also fully engaged in European and national scientific advice services and in delivering our EU inspection-related duties.

Devices regulation

Our role in regulating medical devices and in vitro diagnostic (IVD) devices remains integral. We oversee the essential work of the five UK Notified Bodies; together they are responsible for assessing the majority of devices currently placed on the EU market. Our preparations to implement proposed new Regulations for Medical Devices and IVDs continue.

Vigilance and market surveillance

We maintain our role in vigilance, market surveillance and taking direct action, where needed, to protect patients and public health, and we continue to co-ordinate with other Competent Authorities, across Europe and internationally, in these and other areas.

Future regulatory partnership

On 4 July the UK Government gave a clear, public statement of its desire to retain a close working partnership in respect of medicines regulation after the UK leaves the EU, in the interests of public health and safety. The statement, published in the Financial Times, by the Secretary of State for Health and Secretary of State for Business, Energy and Industrial Strategy laid out the three principles which will underpin the development of a post-Brexit regulatory system for medicines and devices: patients should not be disadvantaged; innovators should be able to access the UK market as quickly and simply as possible; and we will continue to play a leading role in both

Europe and the world in promoting public health.

These principles and the government's position were developed further in a [speech by the Parliamentary Under Secretary of State at the Department of Health, Lord O'Shaughnessy](#), at the BIA/MHRA conference in London on 14 July.

The commitment to continuing the close working relationship with our European partners with respect of medicines regulation and protecting public health globally is also reiterated on page 14 of the [Governments Collaboration on science and innovation 'A Future Partnership Paper'](#) published in September 2017.

More broadly, as part of the [guidelines](#) adopted for the second phase of the negotiations at the European Council meeting on December 15, the European Council reconfirmed its desire to establish a close partnership between the UK and EU.

EMA/EU & CMDh notices to Marketing Authorisation Holders

We are aware of the recent notices to Marketing Authorisation Holders issued by the EMA/EU-27 and CMDh advising of preparations MA holders may want to consider ahead of the UK's exit from the EU.

Until the exit negotiations are concluded, the UK remains a full member of the EU and all the rights and obligations of EU membership remain in force. We therefore continue to play a full role in the network and to undertake our work as a Reference Member State (RMS) in the decentralised procedure, and as (co-) rapporteur in the centralised procedure. If, however you do want to consider preparation for any potential changes to marketing authorisation or RMS, please see the information provided by the [EMA](#) and the [HMA](#).

Whatever the outcome of the negotiation we will continue to collaborate with all involved to deliver the current speed of authorisations, access to new and innovative medicines and devices and to continue to ensure the quality, safety and efficacy of all medicines and devices, to safeguard an uninterrupted level of public health protection.

On 23 August 2018 the government published guidance for businesses and citizens on how to prepare for exiting the EU if there's no deal.

This guidance is in the form of a series of technical notices, a number of which relate directly to the work of the Agency:

A further 3 technical notices are also related to the work of the Agency and the Department of Health and Social Care (DHSC):

[Guidance for marketing authorisation holders](#) in the event of a no-deal Brexit has been published by DHSC.

We have also published our [letter to industry, and accompanying guidance](#), covering the conversion of existing approved Community Marketing

Authorisations to UK Marketing Authorisations (MAs) and a [letter providing Product Licence numbers and the actions](#) that companies are asked to take.

[A letter to suppliers of medical devices and clinical consumables](#) about contingency planning for a no-deal Brexit has been published by DHSC.

In January 2019 we published information on [how to make regulatory medicines submissions to the MHRA](#) if the UK leaves the EU with no deal.

MHRA consultation on EU exit no-deal legislative proposals

We ran a [consultation](#) on the regulatory processes which would have to be modified in the event of the UK not securing a deal with the EU after the UK's exit, with no Implementation Period.

We responded to this consultation, in the form of a [further guidance note](#) on the regulation of medicines, medical devices and clinical trials if there's no Brexit deal, on 3 January 2019.

Customers, partners and stakeholders approaching MHRA continue to have access to our internationally recognised expertise and we maintain the highest quality services. For further information, please get in touch with your usual contact points in the Agency.

Essential maintenance to Companies House online services

1. 17 November 2022

There will be maintenance work taking place, which may affect Companies House services, between Saturday 19 November and Monday 21 November.

2. 15 November 2022

Maintenance window scheduled for Saturday 19 November from 8am to 10pm may cause disruption to online services

3. 8 November 2022

New maintenance window between 8pm and 9pm this evening (Tuesday 8 November)

4. 5 October 2022

Maintenance work will affect our online services from Friday 14 October to Monday 17 October.

5. 8 September 2022

Essential maintenance to our web services

6. 7 September 2022

Potential disruption because of essential maintenance work.

7. 8 August 2022

Changed date

8. 25 July 2022

Edited to change date of maintenance work to 1 August.

9. 13 July 2022

Maintenance work will affect our online services on Saturday 16 July.

10. 20 June 2022

Maintenance on Saturday 25 June and Sunday 26 June 2022.

11. 13 June 2022

Maintenance work will affect our online services on Saturday 18 June and Sunday 19 June.

12. 6 June 2022

Weekend maintenance work will affect our online services on 11-12 June and 18-19 June 2022.

13. 30 May 2022

Maintenance will affect our online services on Saturday 4 June 2022.

14. 19 May 2022

Disruption to Companies House online services from 10am to 2pm on Saturday 21 May 2022.

15. 10 May 2022

Added Find and update company information to list of affected services.

16. 9 May 2022

All Companies House online services will be unavailable from 8am to 8pm on Sunday 15 May 2022.

17. 4 May 2022

Maintenance will affect our online services on Saturday 7 May.

18. 8 April 2022

Maintenance will affect our online services on Sunday 24 April.

19. 23 March 2022

Maintenance will affect our online services on Saturday 26 March.

20. 7 March 2022

Maintenance will affect our online services on Saturday 12 March.

21. 22 February 2022

Maintenance will affect our online services on Thursday 24 February.

22. 17 February 2022

Our Report a PSC discrepancy and Apply to strike off and dissolve a company services will be unavailable on Sunday 20 February.

23. 14 February 2022

Maintenance will affect our online services on Sunday 20 February.

24. 8 February 2022

Maintenance will affect our online services on Thursday 10 February.

25. 28 January 2022

Maintenance will affect our online services on Wednesday 2 February.

26. 13 January 2022

Maintenance will affect our online services on Saturday 22 January.

27. 1 December 2021

Maintenance will affect our online services between 7am and 9am on Saturday 4 December.

28. 14 November 2021

Our Webfiling service and XML Gateway will not be available for about 2 hours from 8:30pm on Sunday 14 November.

29. 8 November 2021

Maintenance will affect our online services from Friday 12 November to Monday 15 November.

30. 3 November 2021

Maintenance scheduled for Saturday 6 November has been cancelled. You may experience disruption when using our online services from 8am to midday on Sunday 7 November.

31. 2 November 2021

Maintenance will affect our online services on Saturday 6 and Sunday 7 November.

32. 20 October 2021

Maintenance may affect our online services from 7am to 5pm on Saturday 23 October.

33. 11 October 2021

Maintenance may affect our online services from 7am to midday on Saturday 16 October.

34. 28 September 2021

Maintenance may affect our online services from 10am to 1pm on Saturday 9 October.

35. 22 September 2021

Maintenance on Saturday 25 September will affect Companies House Direct (CHD).

36. 6 September 2021

There may be disruption to our online services from 3am to 4am on Sunday 12 September.

37. 3 August 2021

Maintenance will affect our online services from 9am to 1pm on Saturday 7 August.

38. 2 July 2021

Maintenance will affect our online services on Saturday 10 July.

39. 24 June 2021

There may be some disruption to our online payment services from 3am to 4am on Sunday 27 June. Customers may experience disruption of up to 15 minutes when attempting to make payment on our online services during this period.

40. 20 May 2021

There may be disruption to some of our online services from 8pm on Monday 24 May to 6am on Tuesday 25 May.

41. 12 May 2021

There may be disruption to some of our online services from 10pm on Monday 17 May to 4am on Tuesday 18 May.

42. 11 May 2021

Maintenance will affect some of our online services from 8am to 4pm on Saturday 15 May, and 8am to 4pm on Sunday 16 May.

43. 6 May 2021

Maintenance may affect some of our online services from 8pm on Saturday 8 May to 6am on Sunday 9 May.

44. 1 April 2021

Maintenance will affect our online services from 8am to 4pm on Saturday 17 April.

45. 25 March 2021

Our WebFiling service and XML gateway (software filing and search) may not be available from 8pm on Friday 26 March to 6am on Saturday 27 March, and from 8pm on Saturday 27 March to 6am on Sunday 28 March.

46. 22 March 2021

Maintenance on Wednesday 24 March will affect our online filing and software services.

47. 18 March 2021

Updated as scheduled maintenance has been cancelled

48. 15 March 2021

Maintenance will affect our online filing and software services on Saturday 20 March.

49. 1 March 2021

Online filing and XML gateway will not be available on Saturday 6 March.

50. 17 February 2021

Possible disruption to our online and software filing services between 8am and 10am on Saturday 20 February.

51. 8 February 2021

Moving our XML database to the cloud on Saturday 13 February as part of the cloud migration work.

52. 2 February 2021

Maintenance on Sunday 7 February will affect Companies House service (CHS).

53. 18 January 2021

Maintenance on Saturday 23 January will affect confirmation receipts for online filing.

54. 14 January 2021

Maintenance scheduled for Saturday 16 January cancelled.

55. 11 January 2021

Maintenance on Saturday 23 January from 8am to 8pm will delay confirmation receipts for online filing.

56. 7 January 2021

Maintenance may affect our online services on Saturday 9 January.

57. 22 December 2020

Maintenance may affect our online services from 7pm on Thursday 31 December to 7am on Friday 1 January 2021.

58. 9 December 2020

Maintenance from 8am to 2pm on Saturday 12 December.

59. 8 October 2020

Maintenance from 7am to 12pm on Saturday 10 October.

60. 30 September 2020

Maintenance to Companies House Service (CHS) from 9am to 3pm on Saturday 3 October.

61. 11 June 2020

Maintenance work will affect our online services from 8am to 12pm on Sunday 14 June.

62. 27 May 2020

Maintenance cancelled for Sunday 31 May.

63. 26 May 2020

Planned maintenance to Companies House Service at 8am on Sunday 31 May.

64. 8 April 2020

Maintenance to the online extensions service at 8pm on Wednesday 8 April.

65. 3 April 2020

Maintenance to the online extensions service at 9am on Sunday 5 April.

66. 2 April 2020

Maintenance to extensions service at 8pm on Thursday 2 April.

67. 1 April 2020

Maintenance to extensions service at 8pm on Wednesday 1 April.

68. 5 March 2020

Maintenance planned for Saturday 7 March and Sunday 8 March.

69. 11 November 2019

Maintenance work to CHS on Thursday 14 November.

70. 5 November 2019

Maintenance planned for Saturday 9 November.

71. 31 October 2019

Maintenance to CHS on Monday 4 November.

[News story: Update: air strikes against Daesh](#)

Updated: Updated with new strikes.

Summary

- Monday 15 October – Tornados destroyed a Daesh observation post in eastern Syria.
- Wednesday 17 October – Tornados demolished another terrorist observation post in eastern Syria.
- Sunday 21 October – Typhoons struck a Daesh strong-point which was firing at the Syrian Democratic Forces.
- Monday 22 October – Tornados bombed a base for a terrorist improvised explosive device team in eastern Syria.
- Wednesday 24 October – Tornados destroyed an armed truck, and two strong-points which were firing at the Syrian Democratic Forces.
- Friday 26 October – Tornados bombed a further two strong-points with which the Syrian Democratic Forces were engaged in a firefight.
- Sunday 28 October – a Reaper attacked a group of terrorists caught in the open in eastern Syria, whilst Typhoons collapsed the entrance to a cave containing stockpiled weapons in northern Iraq.

Detail

Royal Air Force aircraft have continued to provide support to the Syrian Democratic Forces' operations against the last significant pocket of Daesh-held territory in the Euphrates valley of eastern Syria. On Monday 15 October, two Tornado GR4s were tasked with the destruction of a terrorist observation post which had been identified to the south-east of Hajin. A single Paveway IV guided bomb was released and this scored a direct hit on the observation post, destroying it. A further such observation post was identified to the north-east of Abu Kamal on Wednesday 17 October, and was again dealt with effectively by a Paveway attack delivered by a Tornado flight. As normal, the Tornados were supported by a Voyager air refuelling tanker, based alongside them at RAF Akrotiri.

Typhoon FGR4s provided further support to the SDF on Sunday 21 October. That evening, an SDF advance came under fire from a Daesh strong-point some five miles north-east of Abu Kamal. The Typhoon flight conducted a carefully planned attack with a single Paveway IV, which struck the strong-point and immediately eliminated the threat to the SDF.

Intelligence identified a small building north-east of Abu Kamal as a base for terrorists planting improvised explosive devices. Two Tornados carried out an attack with a Paveway IV on Monday 22 October, which destroyed the

target and caused a number of secondary blasts as the explosives inside detonated. On Wednesday 24 October, another Tornado flight provided further close air support to the SDF in the same area. Our aircraft struck a truck, armed with a pair of anti-aircraft guns, with a Paveway; the attack also accounted for a number of terrorists close to the vehicle. The SDF then encountered two successive Daesh strong-points, both of which engaged the SDF at short range. Despite the proximity of the SDF to the two targets, the Tornados were able to strike both of the terrorist positions with Paveway IVs.

Despite very challenging weather, Tornados again supported the SDF north-east of Abu Kamal on Friday 26 October. The SDF reported being in close combat with Daesh positioned in two strong-points. The Tornados had to bomb through cloud, unable to see either the target or the friendly forces close by, but the SDF reported both targets to have been hit accurately by the Paveway IVs. On Sunday 28 October, a Reaper conducted armed reconnaissance over the Abu Kamal area, and carried out a successful attack with a Hellfire missile, striking a group of terrorists spotted manoeuvring through fields. In northern Iraq, a Daesh stockpile of weapons had been identified in a set of caves on a hillside thirty miles north-west of Kirkuk; a Typhoon flight was able to collapse the entrance to the caves using Paveway IVs.

DAESH - LOSSES & GAINS IN IRAQ & SYRIA SINCE SEPTEMBER 2014

9 January 2017

Map of Daesh losses and gains in Iraq and Syria since September 2014

Previous update

With the Syrian Democratic Forces continuing their offensive against the last major pocket of Daesh-held territory in eastern Syria, centred on Hajin, Royal Air Force aircraft have provided further intensive support. As in the previous month, a particular focus has been on terrorist positions north-east of Abu Kamal. On Wednesday 3 October, an RAF Reaper detected a Daesh mortar which was firing on SDF forces a short distance away. Two RAF Tornado GR4s were also on task in the area, and they struck the mortar position with a single Paveway IV guided bomb.

The following day, an SDF attack on a Daesh position encountered a truck-bomb which was blocking their advance towards a terrorist strong-point in a nearby building. Tornados destroyed the truck-bomb using a Brimstone missile, then demolished the strong-point with a Paveway IV. Another building in the area was then identified as not only Daesh-held, but a probable facility for further improvised truck-bombs. This target was also destroyed with a Paveway IV.

On Friday 5 October, Typhoons bombed a Daesh command post north-east of Abu Kamal using two Paveway IVs. Nearby, a flight of Tornados supported the SDF, who had come up against a Daesh-held compound. The SDF were very close to the target, but careful coordination allowed the Tornados to strike the two key buildings within the compound with Paveway IVs. A Reaper provided further

support in the same area on Saturday 6 October, and an attack delivered with a GBU-12 guided bomb successfully disrupted firing by Daesh on the SDF. Typhoons and Tornados were working further north, near Hajin, and used Paveway IVs and a Brimstone missile to deal with four Daesh mortar positions and a weapons stockpile.

A Reaper's crew successfully targeted Daesh fighters who had positioned themselves beneath trees in the Hajin area on Sunday 7 October, hitting them with a Hellfire missile. Closer to Abu Kamal, Typhoons meanwhile destroyed a terrorist command post.

Despite bad weather, our aircraft were able to provide effective close air support to the SDF at both the northern and southern ends of the Hajin pocket on Thursday 11 October. North of Hajin, a flight of Typhoons and a flight of Tornados used Paveway IVs to destroy three Daesh-held buildings which the SDF had encountered. In the south, close to the border with Iraq, a second pair of Tornados bombed two groups of terrorists spotted in the open; one of the attacks also destroyed the extremists' vehicle.

A Daesh armed truck was spotted north-east of Abu Kamal on Friday 12 October, and was destroyed by a direct hit from a Paveway IV dropped by a Typhoon flight. A pair of Tornados conducted one attack through thick cloud, striking a tunnel – again to the north-east of Abu Kamal – then delivered a second successful attack with two Paveways against a Daesh-held building near Hajin. On Saturday 13 October, Typhoons bombed a Daesh strong-point north of Hajin, whilst Tornados struck a second such defensive position north-east of Abu Kamal. The Tornados also attacked a mortar position and a Daesh command post in the same area, using Paveway IVs.

Our aircraft were able to attack successfully three known terrorist command and control locations on Sunday 14 October, all in and around Hajin. Typhoons dealt with two of the targets, including one where a Daesh attack planning team were reported to be present at the time, whilst Tornados destroyed the third.
