

Suppliers identified to find possible solutions to Blue Green Algae

Executive Ministers have met with the five suppliers tasked with finding solutions to treat and reduce Blue-Green Algae in Lough Neagh, delivering on commitments within the Lough Neagh Action Plan.

Muir continues engagement in Brussels

On a two-day visit to Brussels, DAERA Minister Andrew Muir met with a number of representatives to discuss a range of topics including EU issues facing Northern Ireland.

US Elections: Trump is a “climate change denier, a proud racist and misogynist”

2. Press Releases

Responding to the [US elections](#), Green Party Co-Leader, Carla Denyer, said,

“A dangerous bigot, bully, and liar is once again set to become the leader of the most powerful country in the world. A climate change denier, a proud racist and misogynist, and a man who has sought to subvert elections and incite insurrection.

On this dark day, we stand in solidarity with all U.S. citizens who fear a convicted criminal and a fascist in the White House. And we stand with all those around the world who dreaded this moment and must now live with its consequences, including those in Gaza and Ukraine.

Together, those of us who believe in democracy must work together to overcome authoritarianism and the politics of hate.”
