## [Tories will have a heavy price to pay for ignoring Scotland](#)

It's hard to imagine how the UK Government's Brexit negotiations could possibly get any more shambolic – but last week they managed to trash their own Brexit plan, just days after launching it.

## **President Donald Trump could threaten very fabric of democracy**

Some people still try to defend Trump and his deeply unwelcome visit. What his supporters usually say is: "It is important to respect the office of the president." The answer to that is: "We will – when he starts to."
