

Mhairi Black: Davidson's Tories are anything but progressive

There are some Tories who still like to brand themselves as “progressive” in their views.

Scotland must have and can have a brighter, better future

Westminster politics can be pretty depressing. It is completely dominated by the despair of a Tory Brexit.

Setting the world's most ambitious climate change targets

Scotland has long been recognised as punching above its weight on tackling climate change and I am proud that the introduction of our new Climate Change Bill this week strengthens our global leadership.
