Putting Scotland on the right track to a healthier future

Today I want to discuss obesity – a subject which isn't always easy to talk about, despite being one of the biggest public health challenges Scotland faces.

Governments should be judged on their reaction to the challenges facing our National Health Service

Ask people in almost any survey or poll which institution they cherish most dearly in our society and invariably the answer is our National Health Service. And rightly so. Hardworking nurses and doctors are there for us from cradle to grave.
