[As we celebrate 100 years since women got the vote, some are now suggesting that we ban old people from voting.](#)

A new student campaign group for the “under 55 population” has been launched with the purpose of undoing the result of the EU referendum. Yesterday, the founder of ‘Our Future, Our Choice’, Femi Oluwole, told Sky News why he believes that Brexit, which was the largest democratic mandate in British history, should be stopped.

Anonymous GDP projections are Voodoo economics from those who gave us Project Fear

With another piece of so called impact study dressed up as Project Fear propaganda, those who would thwart the will of the UK electorate are upping their game.
