UKIP's Stance On Uncontrolled EU Immigration Vindicated

The highly respected think tank, Migration Watch today confirmed what UKIP has consistently stated for years, that uncontrolled immigration of low skilled workers does not materially benefit the British economy, instead it impacts on the job prospects of British workers, their wages and public services.

Bolton: Thank God the public gave MEP's their notice

The European Parliament including half the available so called Conservatives and both the sole Lib/Dem and the Labour members have voted overwhelmingly to block negotiations between the EU and the UK put its own vanity over the interests of the peoples of Europe, by rejecting any thought of supporting the Brexit negotiations.

All UKIP members voted to protect the Referendum decision
