UN envoy condemns killing of Israeli security personnel by Palestinian in West Bank

26 September 2017 – The United Nations envoy for the Israel-Palestine peace efforts has condemned today's fatal shooting attack by a Palestinian perpetrator against Israeli security personnel in the West Bank, deploring that such an incident undermines the prospect of a peaceful future for both sides.

According to preliminary reports, one Israeli policeman and two security guards were killed, and another was seriously injured in the attack that took place this morning in the Har Adar settlement in the occupied Palestinian territory.

&#8220It is [deplorable](#) that Hamas and others continue to glorify such attacks, which undermine the possibility of a peaceful future for both Palestinians and Israelis. I urge all to condemn violence and stand up to terror,&#8221 said UN Special Coordinator for the Middle East Peace Process, Nickolay Mladenov, in a statement.

He expressed condolences to the families and friends of all victims and wished the wounded a full and speedy recovery.
