

Unemployment falls in the UK.
Wokingham's rate is just 0.7%, well
below the average.

It was good to see strong job generation again in the latest UK official job figures, with further substantial falls in unemployment. In Wokingham the unemployment rate remained low, with the constituency in the top 25 for a low rate nationwide out of 650.

We are now at record levels of employment, with good progress on creating more full time jobs. The national unemployment rate is 4.4%.
